HIROSHI MAEHARA, RIGHT, VIEWS SCENE OF DESOLATION

## Ulster's Ruling Party Splits Over Leadership

BELFAST (AP) — Northern Ireland's divided Unionist party split down the middle on finding a successor to Prime Minister Terence O'Neill today.

Nominations for the post closed at 11 a.m. with two implacably opposed contenders, former deputy premier Brian Faulkner, 48, and former agriculture minister James Chichester-Clark, 46. Last-ditch attempts to unite the party behind Faulkner were a failure and the issue goes to a vote of the party's parliamentary caucus Thursday.

Political sources said the issue could produce near stalemate unless Faulkner succeeded in attracting defections from the pro-O'Neill faction supporting Chichester-Clark.

Chichester-Clark is a kinsman of the outgoing prime minister and shares his policies of concession to the restive Roman Catholic minority. He shares, too, O'Neill's background of an English education and aristocratic upbringing, both drawbacks in attempting to ease the fear of the Unionist party's restive home-grown right wing.

Both Faulkner and Chichester-Clark turned their backs on William Craig, the powerful right-wing leader who is detested by leaders of the Catholic-supported Civil Rights Campaign. Both let it be known that they would not ask Craig to join in government.

## Israeli Raiders Strike Hard Blow Deep Into Egypt

TEL AVIV (AP) — Israeli commando units struck 120 miles inside southern Egypt Tuesday night, blasting a dam across the Nile, a bridge and electric lines supplying Cairo, the Israeli army announced.

An Egyptian communiqué disputed the Israelis, claiming there was "absolutely no damage." There was no evidence of a power shortage in Cairo.

The Israelis also announced that a heavy artillery battle erupted during the night along the entire length of the Suez Canal. A spokesman said the Egyptians started the shooting.

The raid into Upper Egypt was in retaliation for recent Egyptian artillery and commando attacks on Israeli forces occupying the east bank of the Suez Canal. It was almost an exact copy of the first commando penetration into Egypt six months ago and struck at two main areas of the Upper Nile, north of the Aswan High Dam.

**REPORTS ON RAID**

Presumably, helicopters flew the commandos across the Gulf of Suez or the Red Sea to the targets and brought them back, but the army did not say.

Two high tension cables, 100 yards apart and carrying 500 kilovolts of power to Cairo, were cut. The lines were 300 miles south of Cairo between Igha and N. Hamadi. Four transformer stations 19 miles to the north were hit in the earlier attack.

The Naj Hamadi dam—also hit last year—was attacked and "heavily damaged." The dam stretches 800 yards across the Nile and is 20 yards wide, the statement said. A shipping lock in the same area was damaged.

Seventy miles north of the dam, commandos blasted the Idku bridge and again caused heavy damage. The bridge is an important junction for the highway from the Red Sea south along the west bank of the Nile.

**VERSIONS DIFFER**

Egypt said the raid was made by two Israeli bombers which it said were driven off by anti-aircraft fire before they could hit their targets. But an Israeli army spokesman emphasized that the attacks were by commando units and "they met no resistance whatsoever."

## Collapsing Dam Results In Havoc East Of Rutland

By DOUG MACDONALD  
Courier Staff

A broken earth dam late Tuesday turned a usually sedate stream in the McKenzie area, east of Rutland, into a 30-foot-wide roaring monster that flooded several homes, gouged through roads and created two lakes.

Campbell Brook, which flows west down out of the benchland above McKenzie Road, broke loose about 10:30 p.m. and poured thousands of gallons of muddy, debris-filled water into an area bounded by Cornish Road, Rutland Road and Wallace Road.

Dan Bosley, whose Moyer Road home lay directly in the path of the flash flood, told in a tired voice today what he saw.

"The first I knew about it was when a neighbor came running in about 10:30 p.m. and said something was wrong up above us."

"I went outside and you could hear it then: just roaring and tearing in the hills. The whole bench was coming down."

"That water came down just rolling like a breaker on the ocean."

Mr. Bosley and three Rutland Water Works employees began several hours of pumping just as the flood reached its peak.

## City Couple And Son Hurt In Fatal Crash

WILLIAMS LAKE, B.C. (CP) — Laurena Johnson, 16, of 150 Mile House, was killed Tuesday in a two-car collision about five miles south of here on the Cariboo Highway.

Police said she was driving a car that apparently went out of control and ran into a car carrying Mr. and Mrs. Frank Wichenheiser of Kelowna and their five-year-old son, Tod.

The boy suffered serious injuries and was transferred late Tuesday to Kamloops hospital. His parents remained in hospital here with less serious injuries.

**HIT BY ROCKS**

VERNON (CP) — Ken Walker, of Winfield was treated in hospital Wednesday for slight injuries received when his car was hit by a rock slide on Highway 97 approximately 17 miles south of here. The slide was cleared by highway crews.

about 11 p.m. By that time, a water works man said, water was rolling over Morrison Road four or five inches deep and pouring in the Bosley basement.

"My place is ruined," said Mr. Bosley, who has lived there for 20 years. "You should see this mess."

The torrents started when unusually large quantities of spring runoff water broke through a dirt dam owned by the S. C. Tower Ranch, east from the flooded area.

A ranch worker said he spent almost all night making sure the ranch house in the hills was not flooded.

There was nothing we could really do about the dam. The whole centre portion was washed away."

Built two years ago to provide water storage from the

creek, the dam was apparently weakened by heavy frost last winter. The regular stream flow was running through the dam today. Before the flood, and below the dam, "... you could hardly get a cup of water," according to one area resident.

As the water rolled down out a steep gully in the flatlands, old car bodies were swept along, with stumps, roots and pieces of lumber. Mud was carried into orchards but there is no apparent extensive orchard damage on lower levels, although a big clean-up job is ahead for some growers.

Some of the worst damage was done to the home of H. Maehara, where water brought mud and debris in large quantities into the building. Mr. Maehara was not available today for comment.

## Two Lakes Come Alive Again

In most places, the canyon carved out by the rampaging water appeared to be in areas not developed for commercial use. With news of serious floods in Trail still in their ears, frightened residents in the lower areas began to remove belongings from their homes before the flood began to recede.

There were two lakes in existence today that were pumped dry about 50 years ago. One area resident said he can remember skating on the old bodies of water. "They've come alive again."

An undeveloped subdivision today was coated with rocks and garbage brought down by the water. Bulldozers were on the site pushing back the moundage has been made.

The Kelowna RCMP also sent three men to the distressed area. The damage seemed to have been caused not by the amount of water spilling into the McKenzie valley, but the speed with which it poured through. No dollar-value estimate of damage has been made.

## Okanagan Plan To Be Debated

KAMLOOPS, B.C. (CP) — Thompson-Shuswap area organizations.

The groups expressed fears the provincial government has made up its mind on the project to dam and increase water storage on Mabel Lake near Enderby, B.C., and divert the water into the Okanagan in dry summers.

The groups said studies are needed to ensure the Adams River salmon run will not be harmed before the project goes ahead.

Mr. Williston said the objections are unfounded and that the requested studies could delay the project three to five years.

## Spiro Sees Growing Support For Nixon's Safeguard Missiles

WASHINGTON (AP) — Vice-President Spiro T. Agnew forecasts a buildup of public pressure for deployment of President Nixon's Safeguard anti-missile defence system—and says the ultimate Senate vote on the issue won't even be close.

"It's going to generate quite a bit of strength," Agnew said. "I honestly don't look for it to be a close question at the time, because I think the logic of it is inescapable."

Agnew, a key Senate lobbyist for the Safeguard system, said support for the program will build steadily in the weeks before a Senate vote on the \$800,000,000 initially involved.

"There's plenty of time for public reaction to set in, which I think is generally pretty favorable," Agnew said in an interview.

A leading Republican critic of the administration plan, Senator John Sherman Cooper of Kentucky, said if a vote were held now, the administration would lose. But he acknowledged the outlook could change.

Senator Jacob K. Javits of New York, another critic, said

although the White House is striving to sell its Safeguard case to the Senate. "I don't think it can because I don't think the case is valid."

An Associated Press survey shows 47 senators opposed to the system, 43 in favor, 10 uncommitted.

## Four Veteran Politicians Flirting For De Gaulle's Job

PARIS (AP) — Four veteran politicians were flirting with the French presidency today, and more may be in the offing.

President de Gaulle's former premier, Georges Pompidou, staked his claim as heir-apparent Tuesday, announcing he is a candidate.

Shortly after, Socialist Gaston Defferre renewed his search for a third force between Gaullism and communism and sought his party's endorsement to run. And the Communists, rebuffed in an attempt to form a coalition with the Socialists, prepared the nomination of Senator Jacques Duclos, a party workhorse.

On the extreme right, Georges Bidault, the wartime resistance leader who later turned against de Gaulle over independence for Algeria, declared his availability.

De Gaulle was in seclusion at Deux-Eglises. Gaullist leaders said he would remain silent until a new president has been selected, and would neither support nor repudiate Pompidou's candidacy.

This seemed to be enough for such Gaullist "barons" as Foreign Minister Michel Debro and Premier Maurice Couve de Murville. They "acclaimed" Pompidou's move at a party caucus, informed sources said.

Alain Pothier, the Centrist Senate president acting as interim president, went about his business and appeared undecided about joining the contest. Informants said several Centrist leaders want him to become a candidate.

Pothier's principal task is to organize presidential elections. A date will be decided Friday by the cabinet left by de Gaulle when he quit last Monday after French voters defeated a national referendum he had sponsored.

The cabinet was expected to confirm June 1 as the date for the opening round of the two-stage voting. If there is no majority in the first round, the two high men face each other in a runoff, probably June 15. The presidential term is seven years.

## Kobau Decision Praised

CALGARY (CP) — The dean of arts and science at the University of Calgary described as a "major step forward" a decision by the federal government to allow six western Canadian universities to take over development of a telescope in southeastern British Columbia.

Dr. B. G. Wilson, chairman of a committee of representatives from the six universities, said Tuesday the "decision represents a major step forward with respect to facilities for astronomical and astrophysical research in Western Canada."

It adds impetus to "an area of study in which the Calgary University has been engaged for more than 10 years," he said.

Last year the federal government decided to scrap a partially finished telescope project at Mount Kobau as an austerity move.

An offer to take over the project came jointly from the University of Calgary, the University of Lethbridge, the University of Alberta, the University of B.C., the University of Victoria and Notre Dame University at Nelson, B.C.

Earlier this week the federal government agreed to allow the universities to take over the project, including the mirror blank and grinding equipment, if they furnished \$10,000,000 necessary to complete the telescope.

The federal government is to retain the mountain site for future projects that could follow completion of the present plans. Dr. Wilson said representatives of the six universities are expected to meet in early May to start development plans.

## 1,000 Teachers Start Strike

MONTREAL (CP) — Nearly 1,000 Roman Catholic and 470 Protestant teachers, mostly in the Montreal area, held a one-day strike today to call attention to the 22-month delay in settling their current contract dispute with the provincial government and the school boards.

The walkout gave about 25,000 Catholic and 9,000 Protestant students an unscheduled holiday.

## Goldwater A Smashing Hit In First Public Office Bid

LOS ANGELES (AP) — Republican Barry M. Goldwater Jr., in his first bid for public office, scored a smashing success Tuesday night by winning the U.S. House of Representatives seat from California's 27th District.

Goldwater, stockbroker son of the Arizona senator and 1964 Republican presidential candidate, easily defeated Democrat John K. Van de Kamp, son of a prominent baking family.

Goldwater jumped in front in early returns and never was headed.

Van de Kamp conceded about three hours after the polls closed.

At that point, returns from 224 out of 312 precincts, showed Goldwater with 48,885 votes and Van de Kamp with 36,770.

... success

## NEWS IN A MINUTE

### NHA Mortgage Rates 'Set Free'

OTTAWA (CP) — National Housing Act amendments introduced in the Commons today by Prime Minister Trudeau will remove ceilings on NHA mortgage interest rates, letting them reach their own level in the market.

### Two Kidney Recipients Doing Well

TORONTO (CP) — Two recipients of a kidney transplant at Toronto General Hospital are in satisfactory condition, hospital officials said today. Amelia Cox, 48, of Toronto, and Nicholas Federchuk, 44, of Porcupine, Ont., Tuesday received the kidneys of Leonard Paul Saunders, 28, of Port Perry, Ont. He died after a motorcycle accident.

### Czech Rebels Stock Up Weapons

PRAGUE (Reuters) — Political conspirators in central Czechoslovakia stole weapons from army munitions dumps and planned to use them against Russian occupation forces, Interior Minister Josef Grosser said today.

NAMES IN NEWS

# Trust, Loans, Insurance Subjects For New Law

Finance Minister Edgar Benson said in Ottawa Tuesday he expects to introduce legislation in "a very few days" amending the laws under which trust, loan and insurance companies operate in competition with chartered banks. The legislation, urged by the financial institutions which are rivals in some fields of the swiftly-expanding banks, is expected to be introduced either Friday or next week, a finance department spokesman said.

Robert Bonner, former attorney-general of British Columbia and now a senior vice-president of MacMillan Bloedel Ltd., has been appointed in Vancouver general chairman of a Salvation Army capital campaign to be held in May 1970. Vancouver Sun publisher Stuart Keate and Cominco vice-president G. H. D. Hobbs were appointed vice-chairmen.

James Brent of Vancouver was remanded without plea until May 5 when he appeared in Vancouver magistrate's court charged with 11 counts of forged cheques. He was charged at the weekend with cashing 11 \$50 travellers' cheques which were allegedly forged.

The quantity of bulk products passing through the British Columbia market is expected to rise to 23,000,000 tons a year by 1975, compared with 3,000,000 tons in 1965, a B.C. senator said Tuesday in Ottawa. Senator John Nichol said that by the same year, it is estimated that the population of Pacific Rim countries will have increased by 325,000,000 to 1,800,000,000.

A British health officer caused a storm Tuesday when he suggested elderly persons should be left to die to reduce pressures on the overloaded British national health services. "That is this man's name, Hitler," said Ernest Melling, 83, general secretary of the National Federation of Old Age Pensioners. "Who does this man think he is to decide on life and death?" Dr. Kenneth Vickery, 52, crashed into the headlines with his suggestion before a health congress that an age be set beyond which doctors no longer would strive to keep patients alive. Later, in an inter-

EDGAR BENSON  
... in competition

view, he said the age limit should be about 80.

Dr. Frank R. Scott, a scholar on legal and political affairs for several decades, told a Senate committee in Ottawa Tuesday that proposed hate literature legislation would interfere with freedom of speech and freedom of the press. Appearing before the Senate's legal affairs committee, the former dean of McGill University law school said the legislation as drafted is dangerous, retrograde, unnecessary to the spirit of the times.

Australian Prime Minister John Gorton and his wife will visit Canada next month for a weekend stay in the Rockies. A government spokesman in Canberra said the two would fly to Canada May 8 after talks in Washington between Gorton and President Nixon. He said the prime minister and his wife would stay that weekend in the Rocky Mountains before flying home from Vancouver May 12. It was not immediately known where the Gortons would stay during their weekend visit.

The Philippine consul-general in Canada has recommended that his government suspend immigration to Canada until the country's labor situation is clarified. Gaudier Bisnar, who has

his offices in Vancouver, said Tuesday he cabled the recommendation after he heard of 17 out of 32 Filipino nurses being laid off their jobs at Toronto's Riverdale Hospital. "The labor situation now is very difficult, not only here in Vancouver, but across Canada," Mr. Bisnar said.

A coroner's jury Monday ruled accidental death April 21 of Langley alderman Stanley Robert Arner, killed when he fell into a band saw he was operating in a meat market of which he was part owner.

Jim Campbell, president of the British Columbia School Trustees Association, Tuesday censured the deficit financing solution which last week averted a strike threatened by Kitimat's 137 teachers. The settlement in Vancouver followed education department authorization of a \$115,000 loan by the Kitimat school board to maintain the teaching programs after voters defeated a referendum to cover an excess on the school budget of \$364,000.

Unions and the political parties they support should stop agitating for more money in the form of industry taxes to correct social ills but become more involved physically in social improvement. This was the message delivered by Sol Rothman, president of the Mining Association of British Columbia, to the Canadian Manufacturer's Association Tuesday in Vancouver.

Yves Gabias, 48, Quebec's minister of financial institutions, companies and co-operatives, has resigned his seat in the national assembly for health reasons, it was announced Tuesday. The resignation, cut Premier Jean-Jacques Bertrand's Union Nationale majority to three in the 108-seat legislature.

The Don Messer Jubilee, scheduled to be dropped from national television by the CBC, should be included in the June festival opening the National Arts Centre in Ottawa, Ed Schreyer (NDP-Saskatchewan) suggested in the Commons Tuesday. Earlier, Gilbert Rondeau (Creditiste-Shefford) said the Don Messer show is Canada's last national folk music program. He asked whether the CBC plans to replace it by a show of equal quality. Prime Minister Trudeau suggested this could be one way of getting television into the Commons. "We get a great deal of folk art here."

## Library Lab Set In Valley

The materials resource centre, sometimes referred to as an instructional resource centre, is replacing the traditional concept of a school library. The use of these centres requires that teachers and librarians plan and initiate assignments and projects requiring resource materials in order that students will obtain maximum value from them. Many instructors do not know how to use these materials and are "frightened to death of anything mechanical."

To overcome this fear and lack of knowledge the Okanagan Valley Chapter of B.C. School Librarians is sponsoring a Library Lab on May 10, in the Carmel Avenue Elementary School, Penticton, where, in addition to book displays, practical demonstrations will be featured on the use of overhead and opaque projectors, tapes, film strips, film loops, films, slides, video tapes and listening posts.

There will be opportunity for all present to participate, question about, and operate these devices and there will be no speeches to listen to. The theme is Putting Multi-Media to Work.

**WORLD'S TALLEST**  
The world's tallest known species of tree is the coast redwood, now found only in northern California.

## Water System Progress Aired At Rutland Meeting

RUTLAND — A well-attended annual meeting of the Rutland Waterworks District in the Dillman Room at the Rutland Community Centre, heard the annual report of the board of trustees, and the financial statement presented by the secretary-treasurer and the manager's report. The election of two trustees resulted in the re-election of trustees R. C. Lucas and Aubrey Blanchard by acclamation. Chairman of the board of trustees, Harold Hildred, reporting on the progress with improvements and extensions to the domestic water system, stated the settling basin under construction near the new pump-house site on Mission Creek will be ready in time to provide clear water during the fresher period.

Extensions have been made to the district works to include West Rutland and lands on the Hollywood Road, where a great deal of new subdividing has taken place, with no letup in sight, and a steady increase in the number of water users is anticipated.

**MORE WORK**  
A full time secretary-treasurer, G. B. Sloane, was hired by the board in December last, and a stenographer also, to handle the greatly increased office work. With an increasing number of wells in the West Rutland area going dry, the requests for connections there have severely pressed the district's crew in their efforts to keep up with applications for connections.

Manager John Ivens reported that 167 new connections had

been made during the past year, and the total number of water users as at Jan. 1 was 698. Water consumption for the past year was 91,130,000 gallons. The manager thanked the water users, trustees and office staff for their co-operation during the year.

Trustees other than the two re-elected this year, and Chairman Hildred, whose term goes to 1970, are Birt Showler whose term expires in 1970 also, and W. Schneider, who holds office until 1971.

**AMONG LEADERS**  
In wheat exports Canada usually holds about one-third of the market shared by the world's big four wheat sellers.

End oven cleaning forever with the new Moffat Self-Cleaning Oven.

You'll never have to clean the oven again. No more scraping. No more scouring. Now your Moffat Self-Cleaning Oven will do all the dirty work.

- The Moffat Self-Cleaning Oven is fully automatic. All you do is turn two switches.
- Oven cleaning costs about six cents on your electric bill.
- Moffat's exclusive cooling system keeps the range sides cool. The range sides will actually stay cooler than they do on a conventional range.
- Full oven window has automatic shut-off shield.
- The Moffat Self-Cleaning Oven is bigger than any other self-cleaning oven. Inside measurements are 24" x 15" x 19".
- Cleaning controls separate from oven controls. Individual warning lights let you know when your oven is cleaning.
- Moffat Self-Cleaning Ovens are available in four different models. And you may choose from Harvest, Avocado, Antique Copper and White. Come in for a demonstration.

## TODAY'S STOCK QUOTATIONS

TORONTO (CP) — Industries continued to climb to record levels today, jumping to an all-time high in active mid-morning trading and leading the Toronto stock market to a fairly sharp advance.

The industrial index was up .76 to 195.12, topping its previous high of 194.36 reached Tuesday.

Observers attributed the market strength to French President de Gaulle's resignation. They said although the resignation was expected to be bearish, it was the only major news in some time and may have jolted the market out of its uncertainty.

Real estate issues led the advance. Revenue jumped 1 1/4 to 18%, Capital Building 3/4 to 7%, Peel-Elder 1/4 to 32 1/2 and Block Bros. 1/4 to 24.

Oil refiners' and pipelines were weak because of uncertainty about oil exports to the United States. Imperial Oil slipped 1/4 to 18 1/2, Shell Canada 1/4 to 25%, TransCanada Pipelines 1/4 to 42 1/2 and Interprovincial Pipeline 1/2 to 18 1/2.

Cadillac Development was unchanged at 13 on 22,200 shares after a brief opening delay to match orders. The stock was listed for trading today.

Schneider, also listed for trading today, was unchanged at 9 on 100 shares. On index, gold gained .53 to 255.48, base metals .06 to 116.33 and western oils .22 to 254.73. Volume was 1,060,000 shares compared with 962,000 at the same time Tuesday.

# 'Students Offer Suggestions For Kelowna's Future Planning

What would Kelowna be like in five years if the city was turned over to a group of enthusiastic Kelowna Secondary School students?

About 40 of these students, taking an experimental course in urban studies, brought some ideas to city council Monday that would drastically change the face of the city.

Down would come utility poles, under the ground would go parked cars, away with the in-town industrial areas. What these students lacked in skill, they made up for in imagination and hard work in a 60-page report turned over to the city's advisory commission.

Listen to the students talk:

"Only a place of unique beauty can attract people. Only a place filled with people — not one filled with cars — can be a living symbol of the community."

Those are the introductory words of Glenda Gagnon and Linda Gaye, urging a downtown mall. "The result of downtown urban renewal would beautify Kelowna's business district and give it a unique identity of its own. No more would we turn around and see towering burnt buildings or a jumble of over-rise. In its place would be the beauty of creation, man's own creation."

A mall is reserved for "people, not machines," the students claim. Bertram Street, now hemmed in with houses, would be the location of the planned mall. Book shops, souvenirs, candy and flower shops and outdoor cafes would replace the hum of traffic. Parking would be underneath buildings. Even in winter, with special lights and underground heating, the mall would attract people.

The students estimated about \$102,000 would have to be spent to gain the property, much of it to be earned back by the city later.

Several other locations in the downtown area were suggested by students for malls or outside cafes.

The students ran head-on into the problem of housing in the city, and learned a few of the things that turn city officials grey before their time.

But the young people forged ahead with suggestions: "The majority of the area north of Bernard Avenue is in pretty fair condition," according to students Marg Wannop, Carole April, Barb Farris and Cecilia Low.

"We figured that only about five per cent needed a great deal of improvement. But we were really surprised to see so many old shacks and so-called garages lining every back alley."

"All some yards and houses need is a good clean-up," the students suggested, and urged a city bylaw to force citizens to keep their properties in good repair.

Citizens might be required every year to clean up their properties. Those who didn't would have the work done by city crews, with the residents footing the bill, like it or not.

A point-form survey of apartment housing showed these problems about apartments — too many stairs, not enough lawn space, no children allowed, too expensive and not enough trees and shrubbery.

Pandosa Street, near the downtown area, is over-crowded with apartments, the students felt, and should be re-zoned to leave smaller and fewer apartment blocks. More apartments allowing young couples with children will have to be built.

The students also took a stab at traffic problems. With the city's car population growing by 7,000 each five years, the streets are rapidly filling up beyond safe levels.

"The major problem is the financial support," the students decided. "The people, when asked by the city council for financial support for a project, answer in return that the city does not need the project and will reject any project put on to them."

"So without money, nothing can be accomplished," the students had a number of suggestions:

- Pedestrian education and control, including safety islands and pedestrian signal lights.
- Abolishment of angle parking.
- Installation of parking meters.
- Shortage of off-street parking in the downtown area to be cleared up.
- Review of general traffic regulations regarding roadside postal boxes, five minute parking zones, bus stops, cycle stands, school zone traffic lights and so on.
- Consideration of a one-way system or major changes to left-hand turn control and signals.
- Establishment of truck routes.
- Provision of truck terminal and other facilities.
- Control of parking lot developments.
- Employment of a third traffic officer for the city. (This has already been done).
- A lengthy report was turned in to council on the desirability of a common room for students at KSS.
- To provide a gathering place for students, a place to relax, display student art exhibits, and ease crowding in the school's corridors.
- Other reports from the students included one on street planning by James Wood, and parking by Harvey Hoffman.

## Labor Picture Continues Idle

Brenda Mines Ltd., continues to be tied-up by far-reaching strike action by the Plumbers' Union, which has so far rejected two wage negotiation proposals by the Mechanical Industrial Relations Association, representing employers, in the two-and-a-half week old labor dispute.

The Brenda Mine site was initially paralyzed April 15 when plumbers' workers set up picket lines honored by some 400 construction workers. The walkoff was compounded by a strike by 100 pre-production pit workers on the same date. The company has termed the strike illegal, but no action has so far been taken by Brenda management on the situation.

The plumbers' union initially rejected an MIRA offer of \$1.43 an hour on a one year contract, plus additional fringe benefits totalling 28 and a half cents an hour. The MIRA's last wage settlement, rejected Sunday by the union, would have brought their basic rate to \$5.66 by

October from the present rate of \$4.18 an hour.

The plumbers union strike has affected 45 of nearly 90 Lower Mainland contractors to date, with an estimated \$25,000,000 hospital construction also paralyzed, including Kelowna's new hospital wing. The hospital site is also plagued with idleness from electrical and lathers' union workers, who have refused to cross plumbers' union picket lines.

Members of local 213 International Brotherhood of Electrical Workers, served a 72-hour strike notice at the hospital site April 21, although no strike action took place. A settlement between the union and contractors was reached Thursday, giving electrical workers a rate of \$5.80 an hour effective Jan. 1, 1971. The current rate is \$4.60 an hour, and the increase will be spread between now and official effect date. As with the lathers' union, electrical workers continue to honor plumbers' union picket lines at the Kelowna hospital site.

## SEEN and HEARD

A thoughtful statement was made this week by a motorist who travels along Pandosa Street half a dozen times every day. "If the city has so much money to pay for land acquisition and street widening, why can't some of the cash be spent for a small bit of material to fill the long, wide hole in the east lane, between Lake and Sutherland avenues?"

In the perfect name department — An ardent gardener, with a green thumb, who has a lovely yard of flowers and shrubs and who has been helping with plant sales out East Kelowna way for more than 20 years. Would you believe her name which suits her hobby and personality — Mrs. Ivy Fairweather.

Mrs. Walter Schewe, 828 Cawston Ave., went home Monday night \$1,000 richer. She was the winner of the Kinsmen first lucky contest this year. A number of other people won prizes in the club's lucky contest night.

Sometimes the price of new auto license plates comes high, and a student at Dr. Knox school paid the supreme personal price Monday by shaving-off his impressive "mop" to raise funds for the vehicular piece of tin. We didn't find out if he raised the necessary look, but the reminder of his campaign will linger all year.

We've heard of April showers, but who is the wise guy who tossed in the freezing compound? Yes, that is snow you see on the mountain tops ringing the Valley. The freezing level was below 3,000 feet by 4 p.m. Tuesday and at higher areas, such as Brenda Mines near Peachland, there is more than half a foot of snow.

The Okanagan weatherman has been anything but kind to potential sun-tanners in the Kelowna area. But Jack Brow, Kelowna's recreation director, was sporting a tan today that looked like it had jumped right out of a commercial. "No secret really," said Jack, "just a three-week vacation in Mexico, where the weather is like it should be."

Kelowna's sign-board humorists are still at it. A local dry cleaning establishment, by way of its sign, announces this week that it is "Open—due to the press of business".

## WHAT'S ON IN TOWN

**Rutland**  
8 p.m. — Owners-electors of Electoral Area C meet in Rutland Centennial Hall, about swimming pool.

**Ar-na**  
7 p.m. — Historical Society meeting in Memorial room.  
8 p.m. — White Heather concert tour.

**Community Theatre**  
All day — 43rd Annual Okanagan Valley Music Festival, to Saturday.

**Salmon Arm Gets New Dean**  
Administrative assistant of the Salmon Arm Senior Secondary School, L. T. O'Neill, has been appointed as associate dean of Okanagan College, Salmon Arm centre.

The appointment was announced at the recent meeting of the Okanagan College Council, as a further step in establishing a permanent branch of the college in Salmon Arm.

Mr. O'Neill has been boys' counsellor and history teacher at the Salmon Arm high school for the past 12 years. He took his secondary education at Vernon and Vancouver College and graduated from UBC with a BA in history and psychology in 1952. He received his Bachelor of Education in 1955.

The new associate dean of the Salmon Arm centre is a past president of the Okanagan Valley Teachers' Association.

**8 P.M. WEDNESDAY**  
Musical traditions of Highland clans will fill The Kelowna Memorial Arena Wednesday as the White Heather concert tour makes its annual presentation in the city. Sponsored by the Associated Canadian Travellers Kelowna club, the tour features performers Jack Milroy and Calum Kennedy in a program beginning at 8 p.m.

**Kelowna Secondary School**  
7:30 p.m. — Adult Education — Fishing in the Okanagan, lecture by George Stringer.  
7:30 p.m. — Organization meeting of the Okanagan Track and Field Club in west gym.  
**Kelowna Boys' Club**  
3 p.m. to 5 p.m.; 6:30 p.m. to 10 p.m. — Activities for boys 7 to 19 years.

**Museum**  
2 p.m. to 5 p.m. — Individual and group tours.

**Library**  
10 a.m. to 5:30 p.m. — Regular Wednesday hours.

**Kings Stadium**  
6:30 p.m. — Meeting for those interested in umpiring softball or baseball during coming season.

**Paramount Theatre**  
7 p.m. and 9 p.m. — The Fox. Kelowna Drive-In  
7:30 p.m. — Salt and Pepper; 9:30 p.m. — The Party.

**Aquatic**  
6 p.m. — Rotary ladies' night.

UNSETTLED conditions again prevail; cloudy with a few sunny periods today, continuing cloudy, with a few showers Thursday. Winds should be light. In contrast temperatures Tuesday ranged from a high and low of 44 and 40 against last year's reading of 80 and 40 for the same period. There was .03 inches of rain recorded Tuesday. High and low for Kelowna and district tonight and Thursday should be 52 and 42.

THE SUNNY OKANAGAN?

There hasn't been much sunshine in the Central Okanagan lately, but the formerly-familiar globe did put in a brief appearance Tuesday evening, creating this picture postcard setting in Kelowna's City Park. More gloomy weather is in store for the area, for the next few days, with most people hoping the arrival of May will help induce the sun back to its "proper home."

## Busy Day For Musicians As Festival Rolls Along

Vocal solo and duet entries kept adjudicators busy Tuesday, the second day of the 43rd Annual Okanagan Valley Music Festival being held at Kelowna Community Theatre until Saturday.

Top vocal duetters, Sue Knight and Cherry Fox, from Mica Creek, beat out second runners, Beverly Gorman and Allison Paynter, for a certificate of merit. Third place went to Wendy Lee and Sue Erickson, also of Mica Creek, Competition was for girls under 16 years.

In the vocal solo class for girls under 14 years, Frances Flisch, of Vernon, walked away with top honors with dual marks of 80 against second placers, Barbara Wilson and Pamela Durham, of Kelowna, with twin marks of 70 for certificates of merit. Third place went to Sharon Bonn, of Kelowna, on a mark of 72. Vernon also scored in the vocal solo, girls under 16 years class, with Heather Ochs recording a mark of 83 against competitors, Debbie Willford, of Penticton, and Cherry Fox, of Mica Creek, with respective marks of 82 and 80. Certificates of merit were also awarded to Kathy McFadden, of Kelowna, and Beverly Gorman, of Westbank on respective marks of 78 and 77. Heidi Bundschuh, of Kelowna came in third with a mark of 72.

A one-mark margin separated first, second and third place winners in the vocal competitions for girls under 18 years. Renee Anne Thomas, of Princeton, was awarded the major certificate of merit on a mark of 83 against Kelowna runner-up, Marlene Tremblay, with a second place mark of 82. Third place honors went to Cherry Fox, of Mica Creek, on a mark of 81, with Sue Knight, of Mica Creek, following with a mark of 80. Other certificates of merit went to Julie Feldberg, of Rutland, and Debra Price, of Kelowna on marks of 78 each. Allison Paynter, of Kelowna, was given a mark of 73.

First cup winner Tuesday went to the piano-vocal combination of Renee Anne Thomas and Leslie Thomas, of Princeton, who won the W. L. Harris trophy with a mark of 80 over runners-up Debbie Willford and Sharrille Randle, of Princeton, with a mark of 77. They were competing in the Liedert, voice piano under 20 years.

Penticton came to the fore in the piano-forte solo, Bach, under 15 years class, as Sheila Jean

Galt racked-up an 82 mark against nearest competitor Debbie Matthews, of Vernon, with an 81 mark. Third place went to Barry Taylor of Kelowna, with a mark of 80. Other contestants included Barbara John Barry, of Penticton, 79, Carol Pearson of Kelowna, 77, and Tom Daniel of Kelowna, with a mark of 75. Penelope Lipsack scored first honors for Penticton in the piano-forte solo, Bach, under 13 years category with a mark of 82 over second placer Linda Cunniff of Vernon, who was one mark behind.

Mica Creek Grade 3 choir, under Mrs. Ruth Garnett, was awarded a certificate of merit in the classroom choir class with a mark of 79.

Top place laurels in the piano-forte class under 10 years, were earned by David Galt and Brian McGibney, of Penticton, over second placers, Debbie Berger and Richard Williams, of Kelowna, on a mark of 77.

An unusual "hat-trick" tie of 70 was registered in the school choir, Grades 4 to 7 class between Revelstoke and Mica Creek, who included Mountain View Elementary School choir, Revelstoke under Mrs. M. G. White, the Mount Begbie School choir, Revelstoke conducted by M. Fotheringham, and the Mica Creek Elementary School choir under Mrs. Ruth Garnett.

Sumnerland garnered top honors with a mark of 83 in the piano-forte solo under eight years class, with Maria Ratzlaff carrying the first place banner against Mardele Hultman, of Vernon with a mark of 79.

Kelowna was king in the piano-forte solo, modern music under 16 class, with first, second and third places going to Jean Craig, Barbara Moisey, Brian Moisey, and Linda M. Lipka, with respective marks of 80, 79 and third place ties of 78.

Kelowna also registered top honors in the piano-forte solo under 13 years category, with Monica Rist and David Sawchuk coming in with marks of 83 and 82 for first and second place wins. Second place prize was shared by Chris Taneda, of Westbank, with a mark of 82. Runners-up included Allan Peters, of Kelowna, 80, and three ties on the 79 mark between Barbara Strange, of Kelowna, Howard Haugom, of Vernon, and Nancy Zuk, of Peachland. Sharing marks of 78 and

80 were Robbie Saunders, Kevin Edstrom, Karen Roehle and Joy Vecchio, all of Kelowna.

Tuesday evening's festival program was launched with a high mark of 85 to Mary Foster, Lynn Gartrell, Leslie Cryderman and Debbie Stoney, in the two piano quartet class, open to amateur and professional talent. In the art song, duet for voice and piano-forte under 20 years, laurels went to Doreen Krebs and Cheryl Tajli, of Winfield, on a mark of 77.

Musical honors were divided between Kelowna, Penticton and Sumnerland in the piano-forte solo, modern music under 18 years competitions, with Kelowna's Kathleen Ketchum taken the major award with a mark of 85. Lynn Gartrell, of Sumnerland, came in second with an 83, while third place went to Leslie Cryderman, of Penticton, with a mark of 80. David Paulson, of Vernon, came in with a mark of 78. Vernon scored top place however, in the guitar duet under 18 years class, with a mark of 75 by Jim White and Gordon Kaine. Runners-up included Cheryl and Dale Balak, and Ruby Dobsiaf and Dale Balak, all of Vernon.

The piano-forte solo, Beethoven open class, was dominated by Margaret Daniel, of Kelowna, with a mark of 83 against runner-up, Mary Mosler, of Sumnerland.

Final results of Monday night's Spanish guitar open solo competitions included a win for Westbank's Nora Silzer, on a mark of 80, against runners-up, Kirk Blecum, of Kelowna, with a 74, Andrew Silshenko, of Rutland, 73, and Don Helm, of Kelowna, 70.

Monday evening's program also included competition for the Reynolds Cup in the piano-forte duet under 18 years class, which was taken by Judy Heales and Lynn Gartrell, of Sumnerland with a mark of 84. Second place was Margaret and Tom Daniel, of Kelowna with a mark of 83. The Vernon Riding Club topped the marks list with an 82 in the folk song chorus, open class, with Ron Flammend, also of Vernon, registering a high mark of 84 in the men's vocal solo, tenor class.

## PERMITS NEEDED

# Forest Fires Season Starts

In spite of abnormally damp weather conditions lately, the 1969 forest fire season officially begins at midnight today. The fire hazard restrictions last until the end of October.

Permits are required for camp fires, land clearing and debris burning, the former obtainable at the B.C. Forest Service or fish and game branches. Burning permits for land clearing and debris fires are available at the forest ranger station, 1211 Ellis St., free of charge. In municipal

areas, permits can be obtained from local authorities.

More than 750 trained forest protection personnel in 106 ranger districts are at the ready to organize and supervise fire-fighting operations.

Locally, the forest ranger district is bounded on the south by Peachland Creek, east by the Kettle River, north by Winfield and west by Pannas Lake. The region is part of the Kamloops forest district.

Lookouts are posted on Terrace and Black Knight mountains, and a third, on Little White Mountain, is used periodically during emergency conditions.

There were 1,547 fires in the province last year, with about \$680,000 damage in the destruction of some 33,880 acres of timber.

Damage caused by forest fires in the province last year was considerably below many other years and Forest Service officials hope the public will continue to protect B.C.'s "green gold."

## One Of Two Area Groups Favors Swimming Pool Idea

RUTLAND — A meeting of registered property owners of Area I of the Central Okanagan Regional District approved a motion Tuesday in favor of presenting the proposal for a \$100,000 swimming pool in a plebiscite.

Critics of the proposal, in part or in toto, were more vocal than the proponents, and the favorable vote came as a bit of a surprise to some. As a result of the vote, the trustees will, if the Area C meeting tonight also approves the idea, hold a plebiscite of the two areas on the proposal, which calls for raising \$40,000 as the property owners' contribution toward a new swimming pool at the Centennial Park.

The remaining \$60,000 is to be put up by the Rutland Agricultural Society. Chairman of the meeting was W. C. Bennett, and acting secretary was Alfred Harrison, secretary-manager of the regional district; George Whittaker, Area I representative, who had represented that area in the meetings held with Rutland Park Society officials and others in working out details of the proposal, outlined the plan in detail, and the limitations placed on the contributions by the region.

T. D. Roberts, who had plans and diagrams of the proposed pool, explained the proposal and answered many questions on details of operation and costs. M. C. Jennings was critical of the method of voting at the meeting, questioning the qualifications of some to vote. This was overcome by an affidavit form being signed by all who voted.

The vote, when tabulated, was approximately in a proportion of three to two in favor of holding the plebiscite. Area C, the heavily populated Rutland area, votes tonight on the question.

## Midnight Deadline

Tax time is here again, and midnight today is the deadline for those unfilled returns.

According to the Penticton branch of the department of national revenue, all returns postmarked after the deadline are liable for a five per cent penalty on unpaid taxes. If you have a refund coming, the penalty is voided, although it's always a good idea to get that return in anyway since there's a maximum fine of \$25 for every day in default.

And if you have any ideas about "getting away" from the revenue boys have a special follow-up system that is practically infallible. It's just a matter of time, and the time in default can be either expensive to the pocketbook or detrimental to the character-rating if you happen to wind-up on a court blotter.

"The percentage of late filers is small," said a Penticton revenue official, adding it was always a good policy "to get your return in early."

## KLT Votes Thursday

The annual general meeting and election of officers and directors for the 1969-70 season of Kelowna Little Theatre will take place 8 p.m. Thursday, at the clubhouse on Bertram Street.

The group, currently in rehearsals for its June production, The Sound of Music, requests that all members and any people interested in participating in any phase of theatrical work please attend this important annual meeting. Particularly welcome are recent newcomers to Kelowna who have an interest in amateur theatricals.

Details of the club's annual barbecue and outdoor picnic will also be discussed at the meeting.

## Cafe Loses Its Music

You can't "put another nicker in, in the nicker Odeon", because somebody stole the juke box.

One of the automatic record machines was stolen in a break-in sometime early Tuesday at Helen's Cafe, Westbank, RCMP said today.

One thing is certain — the thief has a record (or two).

The Rutland fire brigade was called to a 9:15 a.m. blaze which extensively damaged an upstairs bedroom in the home of Roy Ramsey, Franklin Road, assistant Rutland fire chief Ray Stearns said today.

No estimate of damage was immediately available. There were no reported injuries in the fire, believed to have been touched off in a closet adjacent to a chimney.

## As 'Official Eyes' Watch Kelowna Residents Respond

Already things are looking better in Kelowna, as Operation Cosmetic gathers momentum around town.

As a result of a pointed suggestion the garbage area behind the curling rink has been cleaned. And at least one residential "eyesore" along Harvey Avenue has had a face-lifting.

City officials have been out talking to individuals and businesses, suggesting Operation Cosmetic be taken seriously. Their efforts are paying off.

As of Monday, four extra trucks and three front-end loaders have been put on routes picking up tree-cuttings and high and low-class "junk," said the operation's super salesman, Ald. Hilbert Roth Tuesday.

"This morning the mayor and I were driving around looking things over and we saw real improvement in some areas, and other spots that needed it," he stated.

The Kelowna Junior Chamber

## Rutland Youths Charged After Two Theft Incidents

Two Rutland youths pleaded guilty in magistrate's court Tuesday to charges of breaking, entering and theft of a total of \$3,300 worth of goods from two district establishments Tuesday.

Donovan Black and Rodney Medley were remanded in custody to May 9, pending presentence reports, after electing trial by magistrate.

The pair were charged with break-ins at Les' IGA store in Winfield, from which \$1,500 worth of food and utensils was stolen, and Hall's Distributors, Deane-Road, Rutland, where tools valued at \$1,800 were stolen. All goods, with the exception of a small quantity of groceries, were recovered by police.

In other court business today (Rutland) Yochim, Vernon, was fined \$50 after pleading guilty to a charge of having liquor in his possession while a minor.

Magistrate D. M. White told the youths: "If you young people see anything—wrong—with the law now reads it's up to you to change it. But until it is changed it's on the books and you have to abide by it."

A Kelowna woman, Matilda Eleanor Legos, was fined \$200

## Safety Of Small Children In The Hands Of Adults

At the request of the B.C. Safety Council, the provincial government has proclaimed May 4-10, "Child Safety Week", to call to the attention of all adults that the safety of small children is solely in their hands. Accidents, specially to children, are preventable, and prevention depends on the supervision, thoughtfulness and day by day training and example set by the parents.

In 1968, deaths by accidents to children under 10, dropped to 136 from 170 the previous year. This however, is not cause for rejoicing, as nearly all 136 need not have died.

The main causes were: Motor Vehicle 43; Drownings 34; Fires 18; Poisoning 1.

In motor vehicles, everyone must learn why seat belts come as standard equipment by law. When a car is braked suddenly, everything inside continues to travel ahead at the speed of the car until it is brought up short against a fixed object. It is common to see small children standing on the seats. If mother or father hits the brake, the child continues to fly ahead. If another car hits you, the child bangs around inside the vehicle, so before you move your car, insist that the child's seat belt be buckled, and be sure to fasten your own belt, as children learn by example.

Five little tykes under age five drowned in private swimming pools.

Four of these were visiting friends or relatives. Nearly all the others also fell into water. Parents should know the fascination water holds for small children and keep them under constant supervision when by a lake, a river or the ocean. Coroners' reports time and again contain the phrase, "He was gone for just a minute . . .", yet a tragic minute with a lifetime of regret.

Fire deaths often resulted from faults parents should have detected and corrected in the heating or wiring system, and in some cases from immature baby sitters.

Although only one child died from poisoning, if it was not for the Poison Control Centres across the province, this figure would have run into hundreds. Keep headache tablets, household cleaners and prescriptions well out of reach of little hands.

Even more shocking than deaths, were injuries to children. In one year 10,132 youngsters under 15 were hospitalized for 68,826 days because of accidents. Many left the hospital with a permanent disability. On bicycles alone, over 300 children are badly hurt each year, due to lack of training.

Is anything more precious to you than your child's life or your child's health? Preservation of both lies squarely in your hands. Don't baby the children, but supervise and train them in their activities and by your example.

## IT HAPPENED IN CANADA

## This Scouting Group Looks At B.C.'s Past

PRINCE GEORGE, B.C. (CP) — The boys of the First Fort George scout troop are skipping the organization's lean toward the space age to find excitement and adventure in emulating heroes of British Columbia's past.

They have spurned the movement's new uniform—except for the beret—and prefer to undertake rugged expeditions and enterprising activities in jeans and sweatshirts.

The troop was founded in 1924, but it was the arrival 10 years ago in this central B.C. community of the Englishman Peter Russell that led the boys to follow the voyageurs' ways.

One of the first things he did was acquire for the troop its own tradline when the line's original owner died intestate.

"The 36 lads in the troop come out, two patrols of eight at a time at weekends, to operate the line," he says. "We first went round the trapline on snowshoes but two snowmobiles bought through fur sales cut the trek through the bush."

The trapline yields between \$500 and \$1,000 annually in furs, which financed the power toboggans. The troop's original snowmobiles were lost in a fire last year which also destroyed the trapline cabin.

**GAINED A HERO**  
But although the troop lost some property, it gained a hero.

Danny Palumbo, 15, and his 12 companions were forced out into a night of 24-below-zero weather. While his companions kept close to the fire for warmth, Danny, in shorts and T-shirt, four socks on one foot and a charred boot on the other, trudged a mile across a frozen lake for help.

The ordeal earned him scouting's Silver Medal for gallantry.

But Danny is only typical of the boys the "voyageur" program breeds, says Mr. Russell. His troop has had 47 boys qualify for the Queen's Scout award in the last 10 years.

"This many is highly uncommon," says Mr. Russell,

an opponent of scouting's new look "which is leaning toward the academic . . . which the boys get enough of in school."

Baden-Powell would turn over in his grave—he was an advocate of rolling up your sleeves and getting into the bush."

But the sleeves his scouts roll up aren't the ones that come on the new uniforms. His troop also pioneered the elimination of short pants shortly after Mr. Russell became scoutmaster.

"Along with the new program have come new uniforms which are most unsatisfactory. They are much the same as the old but have a crimson sash for proficiency badges which is all that is removed to change them into activity uniforms."

"That will never do here—we work. If we adopt the sash, we will wear it around the waist with the tassels hanging at the hip—voyageur style."

**HAVE TWO-WAY RADIO**

Mr. Russell says his troop is one of the best-equipped in Canada. In addition to the power toboggans, it has a railway caboose for shelter on its tradline. Other transportation includes half-ton and three-ton trucks, canoes, skiffs and riverboats. The troop also has expensive radio transmitting and receiving gear.

It also has access to an abandoned logging camp which will serve as a base for a two-week adventure this year.

Mr. Russell says his troop has been on several central interior rivers which had not seen canoe travel since the voyageurs left a century ago. Three years ago they followed the path of Northwest Company traders over the Parsnip, Pack and Divide rivers. They did not complete the round trip "but this year we will do it completely."

"It will take at least two weeks and we are preparing for the hundreds of miles of rapids, portage and unexpected waters. Everybody tells us we cannot do it."

But that's just the kind of a challenge the boys of the First Fort George troop need.

## Russian Hotels On A Sad Trail

MOSCOW (AP) — The Soviet Union, which likes to say it leads the world in this or that, trails Europe when it comes to hotels.

A nightly sight in Soviet cities is travellers being turned away from hotel desks with the explanation, "no vacant rooms."

Railway station waiting rooms are filled with the overflow. The comparatively few existing hotels are mostly old-fashioned. Hot water taps work only intermittently. Room service is unheard of. The restaurants are notorious for the long delay before a waiter appears, and the even longer delay before he brings any food.

The available rooms go largely to groups of foreign tourists and Soviet members of delegations to the innumerable conferences held in this country.

## Shoe-Shine Boy Cried For Beer

SAIGON (Reuters) — The 10-year-old shoe-shine boy sat up in his hospital bed here and threw a tantrum when nurses refused to give him beer and cigarettes.

He was one of scores of children treated by doctors during the last year in a hospital specializing in plastic surgery. Vietnamese children, grown old before their time because of the war, are brought to the hospital for delicate operations. Some suffer from war wounds, others from disease defects, congenital disfigurements or accidents.

The children try to act and talk like toughened soldiers. They have been brought up in a military world where smoking, drinking and swearing are part of their environment. The tantrum of the shoe-shine boy, who had an ugly shoulder disfigurement, is typical of the headaches faced by medical men in South Vietnam.

The 25-bed unit was set up last year by Children's Medical Relief International, an organization financed mostly by the U.S. government.

Manned by rotating groups of doctors from Canada, the U.S., Britain, West Germany, Thailand and Israel, it is the pilot version of a 40-bed unit in Saigon's biggest hospital which eventually is to be run by Vietnamese doctors.

The present clinic trains a Vietnamese staff to build new faces or limbs for scarred and twisted youngsters.

The painstaking treatment, which utilizes the latest surgical and laboratory equipment from abroad, is free to patients. The clinic does not undertake cosmetic surgery.

## TO YOUR GOOD HEALTH

### Main Cancer Problem Is Locating It Early

By DR. GEORGE THOSTESON

Dear Dr. Thosteson:

You answered Mrs. L. S. about a biopsy, cutting into a lump. Does that mean that when a cancer is removed the cells will grow in another place? You stated that metastasis, cells starting to grow in other parts of the body, will happen whether one cuts into a cancer or not.

Does that mean, in other words, that once you have cancer removed, it will appear somewhere else in the body? Mrs. E. A. H.

No, it doesn't mean that at all.

The point you are missing is this: If all of a cancer is removed, then there aren't any cancer cells left to start a cancer in some other part of the body.

That is precisely why I, and everyone else interested in combating cancer, so constantly stress the importance of finding cancer early. That's why I complain so much about patients who notice some suspicious sign and then postpone going to the doctor because it might be cancer.

That is precisely when they should go—as quickly as possible.

A cancer starts at some single point. Then it grows. That is the nature of cancer—to grow. At first it just expands gradually. Next it will start spreading into an adjoining organ or tissue.

And finally, if allowed to keep on growing, it will begin to throw off cancer cells which can be picked up by the lymph or another system and be transported to distant parts of the

body. There some of these wandering cells will establish themselves and grow into new, separate cancers (metastases).

Therefore, in combating cancer, two things are of primary importance: first, to find and remove a cancer before it has reached the stage of liberating cells to be carried elsewhere; second, to make as certain as is humanly possible that every last particle of the cancer is removed. Because if some is left, it will continue to grow.

That is why, for one example, a benign tumor or cyst can be removed from the breast without much difficulty. But if a cancer is found, the entire breast is removed.

The purpose is to be sure of removing the entire cancer, plus some adjacent healthy tissue, to make sure that every particle of the cancer is gone, leaving not the tiniest speck to build up into further trouble. (Removing a cancer cannot, of course, guarantee that a new and entirely unrelated cancer may not develop in the future. It may or may not.)

While I trust that this will remove some of the worry from your mind, I hope it also demonstrates why one should never hesitate for an instant if any suspicious sign develops.

Dear Dr. Thosteson: I have heard that gall stones can be removed without surgery. Please explain it to me.—Mrs. R. F. N.

You can't believe everything you hear. There is no way except surgery to remove gall stones.

## NEWS ANALYSIS

## Will Death Penalty Deter Assassins?

By PHILIP DEANE  
Foreign Affairs Analyst

The death sentence passed on Sirhan poses agonizing problems of conscience for any man as it must have posed agonizing problems of conscience for the jurors who had to make the decision.

There is no doubt of Sirhan's guilt. There is no doubt, also, that he is, as Lee Harvey Oswald was, one of those born failures with delusions. We all daydream. We all have the Walter Mitty dream of making a mark by one act, preferably an effortless act. So long as the dream remains a dream, the dreamer is sane. If the dream takes control of the man, and the man is untalented, mediocre, his bitterness will become a sickness which will erode his sanity.

Both Oswald and Sirhan were failures living in a society which places an extremely high premium on success. Their sick dreams took hold of both men and both sought notoriety through murder. They were not the first, nor will they be the last. There have always been men like that. One burned a famous temple in antiquity and when asked why, he answered that he wanted to be remembered. He is remembered.

The death penalty, also, does not deter such deranged men. Yet, democratic leaders who move freely among the people, are particularly vulnerable. The security necessary to guarantee against assassination, precludes the possibility of a free society.

Will killing Sirhan stop other potential assassins?

His death will not stop other Sirhans or other Oswalds. Much though I rebel at the death penalty, I have to ask myself whether it might not stop a hired killer who might agree to shoot a Martin Luther King for money expecting to be out on parole in seven years should he receive a life sentence in some American states.

Is every killer so insane at the time of killing that he will not be deterred by the death penalty? I have to confess—with deep misgivings and anxiety—that I am not absolutely sure the death penalty will not deter some killers. There was an old custom in India called suttee—burning widows on their husbands' funeral pyres. British authorities imposed ruthless penalties against those participating in the act, declaring them accessories to murder, liable to the death penalty. Who is to say that the severity of British judicial measures against suttee did not have any effect in abolishing this dreadful custom, and that it was only increased enlightenment and education which did?

Sirhan's prosecutor said something which is perhaps the most telling argument against a death penalty: he said he believed the jurors voted for death because they reflected the whole country's disgust with riots and violence. In other words, the jurors' judgment was affected by an atmosphere and this should not be. In other words, justice is imperfect. It can miscarry.

## CANADA'S STORY

### Scottish Engineer Helpful To Wolfe

By BOB BOWMAN

July 4 wasn't always a great day for George Washington. In 1754, when he was a British officer, Washington was defeated by Canadians while on his way to attack Fort Duquesne, now Pittsburgh, Pa., Washington was allowed to take his force back to Virginia after he left Captain Robert Stobo as a hostage.

Stobo was a Scottish engineer and made a secret map of Fort Duquesne while he was held there. Then he got a friendly Indian to take the map to George Washington, and it provided valuable information for a second attack on the fort commanded by General Braddock.

Unfortunately for Stobo Braddock was also defeated on his way to Fort Duquesne and the secret map was found in his baggage. Now Stobo was no longer a hostage, but a spy. He was taken to Montreal and put in prison until permission came from France to shoot him. Stobo escaped but was recaptured after a large sum of money was offered for his arrest.

Stobo was then sent to Quebec and kept in prison for the winter because the death sentence had not arrived from Paris. Stobo knew that it would come in the first ship up the St. Lawrence when the ice melted. On April 30, 1759, he persuaded a chambermaid to open the window of his cell so he could get some spring air, and then he managed to escape.

While looking for a boat to take him down the river, Stobo met a Nova Scotian named Clarke who was taking his wife and family home in a canoe, and he agreed to let Stobo go with them. They travelled only at night and had to dodge packs of ice. They were in constant danger until they managed to "obtain" a schooner and sail the rest of the way to Louisbourg.

Stobo arrived just in time to meet General Wolfe who was getting ready for his attack on Quebec. Stobo joined his staff and took part in the campaign. Of course he had a great deal of information that helped Wolfe

and claimed later that he had shown him the path to the Plains of Abraham.

William E. Stobo of Sillery, Quebec, is a descendant.

**OTHER EVENTS ON APR. 30:**  
1630—Charles LaTour received 4,500 square miles of Nova Scotia from William Alexander.

1631—Luke Foxe began search for North West Passage.

1745—New England force led by Pepperell landed at Louisbourg.

1803—Napoleon abandoned plan to recapture Canada.

1835—Sir Francis Bond Head appointed Lieutenant Governor of Upper Canada.

1840—Captain of "Great Britain" received silk hat when his ship was first to arrive at Montreal after winter.

1864—Chilcotin Indians massacred road builders in British Columbia.

1890—Lethbridge News reported battle between Crees and Blackfeet.

1958—Montreal celebrated 300th anniversary of first school established by Marquette Bourgeois.

1980—Queen's Own Rifles of Canada celebrated 100th anniversary.

## LETTER TO EDITOR

HOW TAXES USED

Anyone wanting to know how taxes are used, please take a pleasure drive along Bouchie Road off Highway 97, Westbank.

As you leave Highway 97 travelling along Bouchie, do not be alarmed should you come face to face with an oncoming car, don't be mad at this driver, he knows the road and is trying to miss the pot holes.

While travelling along Bouchie you will notice the new repair job that has been completed just one week ago.

Take this ride with pride and a smile for the oncoming driver, E. NIETZ Westbank.

## Savings Through Parole

(Victoria Times)

The economics of the Canadian penal system, with heavy emphasis on the cash benefits of parole, have been underscored in discussions following the recent appointment of Mr. George Street to his second 10-year term as chairman of the national parole board. The savings through parole are impressive. A survey last June indicated that 2,284 parolees were earning a total of \$673,371 a month.

A total of \$65,000,000 is spent each year by the country to keep 7,000 prisoners locked up, while a budget of only \$2,000,000 is allowed for operations of the parole board. The latter figure covers costs of providing parole service for federal prisoners and for 12,000 in provincial prisons; dealing with 12,000 applications a year; granting between 3,500 and 4,000 paroles a year and supervising about 2,700 on parole at all times.

## Cost Of Government

Everyone knows the cost of government is on the rise, even if they don't know how much.

Figures showing the rate of increase are startling. A recent issue of The Financial Post gives an exact picture in an editorial.

Dollar incomes per capita have risen two and one-half times, since 1949, but income taxes per capita have gone up almost five times in the same period.

The depressing effect is that the proportion of income taken by these so-called direct taxes has jumped from 6 per cent of per capita income in 1949 to almost 13 per cent in 1968.

Indirect taxes—such as retail sales

taxes—which took \$134 of per capita income in 1949 chewed out a whopping \$460 chunk last year.

Personal incomes per man, woman and child increased from \$940 to \$2,480 between 1949 and 1968. But the tax rise in the interval reduced the actual 1968 income to \$1,700.

Figures such as these leave no doubt whatever about the urgency of the need for politicians at all levels of government to see that vast bureaucratic empires cut spending drastically.

Government spending today is adding to inflationary erosion and curtailing the individual's ability to save or to invest in the essential development of this country.

## Bygone Days

10 YEARS AGO

April 1959

It was "Old School Night" at the Oyama PTA meeting and a large number of former teachers and pupils were present. Letters were read from Mrs. B. Griffith one of the first nine pupils to attend the first school in 1908, and A. S. Towgood, one of the first trustees. George Hembling, who attended school in 1917 gave an interesting talk on how classes were conducted. Letters were also read from Ira Thompson, Calgary, Pat Bowsher, Edmonton, Claude Bissell, who taught there over 30 years ago, also spoke.

20 YEARS AGO

April 1949

Thomas Wilkinson will be the CCF candidate in the forthcoming Provincial election. The 35 year old grower from Benvenuto was the union head in Summerland. Gordon Herbert, Kelowna, was named the campaign manager. Mr. Wil-

kinson has tendered his resignation from the B.C. Interior Vegetable Marketing Board.

30 YEARS AGO

April 1939

George S. Sutherland was chosen president of the Kelowna Baseball Club. Jack Bedford was selected as manager. W. Guernard Sr. was chosen vice-president and W. Berridge secretary-treasurer. Others on the executive are V. Chapman, R. Kitch, Dr. C. D. Newby and Larry Carscadden.

40 YEARS AGO

April 1929

At the Empress, Wed, and Thurs.—John Crawford in "Dream of Love"; Fri. and Sat.—Richard Dix in "Red Skin"; Mon. and Tues. Victor MacLagen in "The River Pilot", also "Love is Blonde".

50 YEARS AGO

April 1919

The first meeting of the re-organized Rutland Young People's Society held a review of the life and works of Sir Walter Scott. Biographical essays were read by the Misses Nettie Montford, Evelyn Sprule and Elva Fleming. A synopsis of Scott's "Lady of the Lake" was given by Everett Fleming. Mr. Connal gave a short talk on the aims of the Y.P.S.

60 YEARS AGO

April 1909

There has been a change in the weather observers here. Mr. F. R. E. Wollaston, who has had charge of the government meteorological station in the valley for a long period of years, has taken a position with the Kelowna Canadian Fruit Lands Co. The vacancy in the meteorological service has been filled by the appointment of Mr. G. R. Binger of Benvenuto.

## Tanqueray Gin

If this were an ordinary gin, we would have put it in an ordinary gin bottle. Tanqueray has a totally unique taste, a subtle difference which is winning new and enthusiastic friends every day. Distilled and bottled in London, England.

This advertisement is not published or displayed by the Liquor Control Board or the Government of British Columbia.

#### NEW CAREERS-NEW SERVICE

Eight excited young women started new careers when B.C. Air Lines inaugurated its new jet-prop 'Vistaliner' service to 10 B.C. interior cities. They were B.C. Air Lines' first air hostesses, attractively

dressed in Venetian gold outfits and proudly wearing their unique Thunderbird motif wings, based on B.C. Indian designs. Preparing for the first flights has been an exciting time for all of us,

says pretty Coral Smith, supervisor of In-Flight Services for B.C. Air Lines. The new routes to be serviced by B.C. will take passengers to Kelowna, Penticton, Castlegar, Cranbrook, Kamloops, Wil-

liams Lake, Quesnel, Prince George, Smithers and Terrace-Kittimat. Left to right, Shirley Bender, Lena Cellier, Susan Cooper, Johanna Altken, Coral Smith, Michelle Wall, Mary Chapman and Jean Allen.

## Present Jewels At IOOF Night

Fraternal night held Saturday night in the IOOF hall on Richmond Street was a fun night for members of the Rebekah and Oddfellow fraternal organizations. The event was held in commemoration of the 150th anniversary of the founding of the order and in observance of its 105th birthday in British Columbia.

Starting with a smorgasbord supper the evening program was highlighted by the presentations of 25 year jewels to George Reid and Cliff Hardwick and a 30 year jewel to Gordon Wardlaw. Art Wigglesworth, Noble Grand, of the Kelowna Oddfellows was emcee. The presentations were made by Bill Johnson, past grand master, who also contributed a humorous recitation to the evening program. Cards and dancing were enjoyed and color

films were shown by Fred Arneaneau of the Grand Lodge Sessions held in Kelowna last year. Along with local members, visitors from Salmon Arm, Armstrong, Vernon and Penticton enjoyed the evening.

#### PEACHLAND SOCIALS

Home to stay with her parents for a couple of weeks is Louise MacNeill who has been attending UBC.

Mrs. John Enns and Mark went to the coast on the weekend to visit John Enns who is undergoing treatment for a leg injury. Mrs. Enns was accompanied on this trip by her daughter and son-in-law, Mr. and Mrs. Rick Schaff, and her son Lyle Enns drove home with the company.

Former Peachland resident, Mrs. Thelma Mitchell now residing in Westbank is home again after a week long business trip to the coast.

The Peachland 1st Girl Guide Company and the Peachland Brownies will be selling guide cookies door to door in the community on May 3. This is the only canvass made by these girls in the year and all residents are asked to support this effort to the best of their ability.

## Prairie Survey Of Young Adults Studies Mating Requirements

REGINA (CP) — A survey of young Saskatchewan adults shows that chastity, sexual responsiveness and good looks are not among the top six requirements in selecting a mate.

A sampling of 435 persons polled in the University of Saskatchewan study rated the six most important factors in a potential mate as dependable, honest character; marital fidelity; consideration and understanding; pleasant disposition; emotional maturity, and sense of humor.

Urban males replying to the questionnaire included sexual responsiveness in their top six, in place of dependability and honesty.

A paper based on partial analysis of the data said women generally rated sexual responsiveness lower than men who, in turn, placed a higher value on chastity.

"This trait, incidentally, is rated much lower by the urban female, as compared to the rating given it by the rural female."

The survey showed men generally seek a mate younger than themselves and women look for older husbands. None of the respondents desired a childless marriage and most favored three or four children.

The ideal marital age averaged 24.4 for rural males, 24.8

for urban males, 23.2 for rural females and 23.0 for urban females.

The paper noted that these figures were generally higher than actual marital statistics in the province.

It suggested that females, particularly university students, may marry earlier than they desire because of "the peculiar marriage market conditions and the social mores prevalent in this area."

Asked to name the five greatest barriers to overcome in mate selection, the respondents named race, religion, ethnic differences, economic differences and nationality.

**TRAVEL COSTS**  
The annual value of world travel is about \$12,000,000,000.

## HITHER and YON

Red and yellow tulips added a gay spring touch to the buffet supper Saturday evening at the home of Mr. and Mrs. Nick Matick, Okanagan Mission, when they entertained at a reception for the dignitaries of the Spokane Civil Air Patrol visiting here. Air Patrol members welcomed were Col. and Mrs. Mel Butterfield, Air Patrol Officer, Rudolph Quemette and air patrol personnel, Kris Sanderson, Mrs. E. Colene Contos and Mr. and Mrs. Roland Baum. Kelowna guests included Capt Jeff B. Bridges of the Ogoogo Air Squadron and Mrs. Bridges, Ed Lansdell, Ogoogo Air Squadron officer; Mr. and Mrs. H. P. T. Relph and Mr. and Mrs. Gordon Gray. Mr. Gray who originated the squadron here, was commander for many years.

Parents of air cadets in the Ogoogo Air Squadron who attended the reception at the home of Mr. and Mrs. Nick Matick were Mr. and Mrs. Henry Schmidt, Mr. and Mrs. Henry Gauthier, Mr. and Mrs. Lloyd Hamilton, Mr. and Mrs. Alfred Quemby and Roy Pepper.

#### MORE WOMEN'S NEWS ON PAGE 7

Mr. and Mrs. Michael Reid, Okanagan Mission, travelled to Vancouver recently to attend the marriage of Mrs. Reid's godson, Kenneth Yardley to Sharon Stidwell. Before returning home Friday night, Mrs. Reid went on to spend a few more days visiting with friends at Victoria and Seattle.

Julia Gaffney returned home Sunday night from the Kootenays where she had spent a few days visiting friends at Gray Creek.

A farewell luncheon was held at the Kelowna Gospel Fellowship Church following the Sun-

#### Academy Choir Busy On Weekend

RUTLAND (Special) — The 51 member Okanagan Academy Choir returned from a weekend at Williams Lake where they rendered two concerts. A sacred program was given in the Seventh-day Adventist church and an evening program of secular music in the high school auditorium. Both concerts were well attended.

The choir was directed by Mrs. Wesley Negrych. Accompanists were Mrs. Don Ritchey and Audrey Reimche. Principal Wesley Negrych and his wife and several parents accompanied the students. The youth are enthusiastic about their trip. They hope to make a more extended tour next year.

day evening service for Rev. and Mrs. John Vogt, who are leaving the city to take up residence in a home for elderly at Clearbrook, B.C. Rev. Vogt, a retired pastor, who had served more than 25 years expressed his appreciation for the cooperation and loyalty shown by the congregation. Mrs. Abram Thiessen and Dorothy Landie sang a duet during the short fellowship hour.

A come and go house-warming was held at the home of Mr. and Mrs. Nick Vogt, Rutland Sunday afternoon from 2 to 4:30 p.m. Rev. J. H. Enns read a short dedication and presented a picture for the new home from the congregation of Kelowna Gospel Fellowship Church.

Dr. and Mrs. W. J. O'Donnell have returned from Harrison Hot Springs where Dr. O'Donnell attended the sessions of the British Columbia Surgical Society. Returning home with them was their son John who has completed his first year at the University of British Columbia.

Executive members of the Kelowna Junior Hospital Auxiliary who attended the day-long session of the Okanagan Regional meeting of the B.C. Hospital Auxiliaries at Oliver recently were, Mrs. D. F. Morrow, president, Mrs. H. R. Cookson, first vice-president and Mrs. R. M. Fabri, secretary. Mrs. Morrow presented a report on the activities of the local group.

Joan Hamblin was elected 4th vice-president of the provincial executive of the British Columbia Society for the Prevention of Cruelty to Animals at the general annual meeting held in Vancouver on April 25. Miss Hamblin is president of the Kelowna Branch.

Miss H. A. Sturrock, Okanagan Mission, as delegate from the Kelowna branch, attended the general annual meeting of the British Columbia Society for the Prevention of Cruelty to Animals held in Vancouver on April 25 and also the first meeting of the 1969-70 provincial executive held on Saturday.

## Lions Club Presents Cheque For Hall To Lakeview Women's Institute

WESTBANK (Special) — The Lakeview Heights Women's Institute and the Lions Club got together for a social evening Friday. A wonderful buffet style, pot luck supper was prepared and served by the ladies.

Following the dinner, a presentation was made to the Lakeview Heights WI Community Hall, by the Lions Club. Jack Scott presented the cheque to Mrs. Norma Stevenson, who thanked the Lions very much. The generous donation will be used to purchase an item, as yet undecided, that will be useful to the users of the hall and the community and will be remembered as a donation from the Lions Club.

George Yeulett, who has finished his studies at the University of British Columbia, motored to Westbank with his son Vernon and nephew Jason Maitland, on Saturday. Leaving Vernon with his grandparents, George returned to Vancouver accompanied by Mrs. Franklin Atkinson on Sunday.

Geoffrey Paynter from the University of British Columbia, was a weekend visitor at the home of his parents Mr. and Mrs. H. O. Paynter.

John Paynter has finished his year at UBC and has returned home to Westbank for the summer.

Mr. and Mrs. John Paynter motored to Vancouver to bring Mrs. Paynter's parents home to Westbank. Mr. and Mrs. John Campbell spent the winter in Vancouver with their daughter and son-in-law, Mr. and Mrs. Eric Pierce.

Mr. and Mrs. Danny Petersen, daughter Donna and son Duane, motored from Vancouver over the week-end to visit Mrs. Petersen's parents, Mr. and Mrs. Eric Pierce.

### RECEPTION FOR NEWLYWEDS

Seventy-five guests attended a reception held recently at the Okanagan Mission hall by Mr. and Mrs. Leonard Oscar Pearson of Kelowna in honor of their son Douglas Leonard Pearson and his bride, the former Diane Ruby Ford, youngest daughter of Mrs. James E. Ford and the late Mr. Ford of Courtenay.

Toasts to the bridal couple were proposed by G. E. Day of Kelowna. Supper and dancing followed the opening of gifts. The recent wedding took place in St. Andrew's Anglican Church, Sandwick, with Rev. Eric Scott conducting the service. Mr. and Mrs. Norman Evans attended the couple.

### ANN LANDERS

#### Retarded Children Need Love And Attention

Dear Ann Landers: I am 17 and have a retarded brother 20. My parents have done a wonderful job of making my brother feel loved and wanted. They have taught us to be kind and considerate of him. Since early childhood we have been told, "Treat Brother as though he were normal."

Brother lives away from home in a lovely place where they have cottages. They can take only 100 boys, so we were lucky. The whole family went to visit Brother last week and came home heartbroken. The boys had decorated the dining room for company and set up a special table. Only 10 people beside our family showed up.

I can't understand how parents can neglect a retarded child. Surely they realize that retarded children have feelings. Retarded children know when they are being ignored.

Please print my letter, Ann, even though there's not much you can say. Some folks need to be reminded—A Sister.

Dear Sister: You reminded them—and in a way I never could. Thank you.

Dear Ann Landers: Please change the language and make this letter printable. I need your help. Or should I say WE need your help. The problem is just as much my husband's as it is mine.

When our son comes home from college for a weekend or holiday, it wrecks our home life, or I should say our sex life. Don't misunderstand. Van is a great kid, no trouble whatever, but his sleeping habits are weird. He walks around until 3 a.m. When we had our big house it didn't matter because our bedroom was upstairs. But when Van went away to college we moved into an apartment.

My husband says I shouldn't let this bother me. But I simply can't relax when the boy is practically outside our door. Am I crazy? Any suggestions? Thanks.—Inhibited

Dear In: Most people have a radio of a TV in the bedroom. Let there be music. You're welcome.

Dear Ann Landers: TV is getting so rough our teen-age daughters are afraid to turn the set on when they have boys over. I can't say that I blame them. Several of the new commercials are in terrible taste. Some of the so-called "entertainment" shows are rotten.

I asked our minister what can be done about it. He made an excellent suggestion. He said those who are offended by what they see on TV should not sit by and allow garbage to be dumped in their living rooms. Telephone the station and in a polite but emphatic manner express your opinion about what is being shown. (The station keeps track of such calls.) Next write or wire the sponsor and tell him you will not buy his products and why. Print this, please, Ann. Let the viewers know we do have a choice.—Sick of Trash

Dear S.O.T.: Your clergyman is right. If enough complaints come in, the offensive material will be scrapped and we'll get talent instead of junk.

#### Riding Club Chooses Bonnie MacKinnon

PEACHLAND (Special) The newly organized riding club met last night and decided on a name for the club. They will be known in future as the Peach Valley Riding Club.

Other business dealt with at this very well attended meeting was the choosing of a candidate to represent the club in the Peachland May Queen contest. Bonnie MacKinnon, daughter of Mr. and Mrs. Archie MacKinnon of Lippsett Avenue was chosen to run. Plans were also made to put an entry in the May Day parade on May 24 with the club planning to take an active part in this celebration.

BEGAN IN FRANCE The sport of water skiing was pioneered on Lake Anney, France, in 1920.

### Meat, Herd Laws, T.V. And Health Discussed At Institute Rally

The annual conference of the Women's Institute of the Southern Okanagan and Similkameen district was held in the Rosedale Room of the Canadian Legion hall in Summerland.

A notable event of the conference being the 60th anniversary of the Summerland Institute. The rally opened at 10 a.m. with Mrs. T. Wharton, Princeton, district president, presiding. Greetings were brought to the meeting by Len Miller, president of the Summerland Chamber of Commerce. He spoke of the work of the local institutes in the district and also of the women's institute work further afield as he knew it in the North country.

Registration showed 80 members present of whom 12 were official delegates representing 12 different institutes.

Among the members present was Mrs. J. Mertler, provincial president from Fort St. John. At this time corsages were presented to the officers along with a few special presentations.

The morning session was taken up with routine business and hearing reports of the work done by the members in the various institutes.

Assistance in all local projects such as raising money to furnish a ward in the new hospital at Kelowna, as well as the children's hospital in Vancouver and the solarium were reported. Unitarian service committee, UNICEF and bursaries for local students were other worthwhile projects supported. A goodly number of articles consisting of hand knit sweaters and quilts were displayed which are to be sent to UNICEF later.

The afternoon session dealt with many resolutions some of which dealt with meat inspection, cattle on highways and the herd law, better TV programming, improved mental health programs. Kelowna has the

### Fabrics Vary In New Raincoats

CALGARY (CP) — Almost any fabric can be made into a raincoat as long as it can be waterproofed.

Canadian designer Lydia Sperlich uses drapery, cotton, wool, velvet and sheer dress fabric in rainwear designed to be worn at any time of day, in rain or shine.

This season she favors narrow, shiny coats of a variety of styles. Her plastic-coated materials often look more like stylish dresses. "White is the most popular color this spring," she says. "It can be by itself or combined with black, navy or brown in stripes or checks."

best mental health program in British Columbia according to one report.

The provincial president spoke to the meeting on the need to keep the institutes active and how they were expanding in the North to help the native women.

The officers elected were: Mrs. T. Wharton, Princeton, president; Mrs. P. Van Den Busch, Oliver, B.C., secretary-treasurer. Other directors elected were Mrs. G. Forsyth, Osoyoos, Mrs. A. C. Hillaby, Winfield and Mrs. Allingham, Oyan.

Summerland will host the border picnic June 24 at the Yacht Club, Summerland. Rutland will host the 1970 conference.

### Anti-Poverty Push On In Alaska Bush

WASHINGTON (AP) — One of the most ambitious and dramatic anti-poverty campaigns in the United States is finally under way in the bush country of Alaska.

A number of federal agencies are co-operating to bring electric power and, perhaps, a better life to about 20,000 deprived villagers.

The Rural Electrification Administration has started processing an initial \$100,000 advance on a \$5,200,000 loan approved last October for the Alaskan project.

When completed, perhaps in another year or two, some 59 villages for the first time will have electric service. Most of them will have their own generating facilities, thus eliminating the need for whale oil lamps, candles and wheezing gasoline lanterns.

The villagers are mostly Indians, Eskimos and Aleuts, native Alaskans who have traditionally lived by fishing, trapping and exploiting their limited resources at hand.

# THE **Tiki**

TIKI CLUB TO OPEN THURSDAY

Kelowna's own night club, the Tiki, opens its doors to the public Thursday. The province's newest supper club could quickly change the tastes of Central Okanagan residents accustomed to "swing-ing action" on Friday and Saturday nights only. This is the Tiki's exterior view (above) at 275 Leon Ave. on the south side, and just a small section of the club's inside (below). The Tiki, the first supper club in the Okanagan to feature live entertainment six nights a week, is on the Pacific North-west entertainment circuit and will be open from 6 p.m. to 2 a.m. Operator is Ron Pol-lard, an Okanagan native and resident of Kelowna for the past four years. (Courier Photos)

## Trudeau Denies Laid Down Affecting Airline Strike

OTTAWA (CP) — Prime Minister Trudeau denied Tuesday the government has laid down any wage "guidelines" that affect strike-bound Air Canada. He told the Commons in reply to Opposition Leader Robert Stanfield, shortly after the Commons sat in the afternoon that nothing had occurred in the last 24 hours to change the picture. Talks between the Crown company and the International Association of Machinists and Aerospace Workers broke down last weekend. Mr. Stanfield suggested that just before the strike started April 20 Mr. Trudeau had enun-ciated wage guidelines that prevented the company reach-ing settlement with the union. Mr. Trudeau said he had laid down just the opposite — no guidelines whatever.

## Auction Sale Of Livestock Well Attended

VERNON (Special) — The weekly auction sale held at the Valley Auction Market, north of Vernon on Highway 97A offered 218 head of livestock. A lively crowd of about 400 kept the bidding moving on the baby calves that drew between \$3 and \$55; larger calves \$60 to \$105; veal calves, \$28 to \$33; stock heifer calves, \$28 to \$32; stock steer calves, \$28 to \$35; holstein feeder steers, \$20 to \$20.75; feeder steers, \$27.50 to \$30; good heifers, \$25.75 to \$27.50; dairy cows, \$160 to \$190; canner and cutter cows, \$16 to \$17.50; beef cows, \$18.50 to \$23 and bulls, \$22 to \$24. On the swine market, weaner pigs drew \$13 to \$17; feeder pigs, \$18 to \$30 and finished hogs com-manded prices to \$45. On the block for this Thurs-day's sale are 60 head of baby calves, 25 holstein feeder steers, 30 hereford calves, 75 mixed feeder cattle, 20 beef cows and 35 weaner and feeder hogs. The auction market is hold-ing a special horse sale May 3 starting at 3 p.m. and offered under the hammer of auc-tion-eers Jim Raffan and Bill Tomp-son are 100 head that include registered quarter horse, appal-osas, Arabs, three teams of chariot ponies and harness, one team of percherons, kids' ponies and various items of tack.

## Contracts Let On Fish Project

OTTAWA (CP) — Contracts Ltd. got a \$77,000 contract to provide consulting engineering and forestry service for a clear-ing project at Fulton River re-serve. The seven-year project, with an estimated total cost of some \$8,000,000, was started four years ago with the aim of add-ing at least 1,000,000 sockeye salmon to the Skeena River an-nually. Manning Construction Ltd. won a \$49,252 contract to build a second spawning channel on the Fulton River at the Babine site, and F. F. Slaney and Co.

## Election System Can Be Changed

OTTAWA (CP) — Canada's representation commissioner says the machinery for general elections can be changed to accom-mo-date campaigns within 30 days but questions whether politicians want this.

Nelson Castonguay, chief elec-toral officer for six general elections, was commenting Tuesday on his report on meth-ods of registering voters. He ap-peared before the Commons committee on privileges and elections.

His report says a system of continuous electoral rolls iden-tical to the system used in Aus-tralia can be adapted for use in federal elections in Canada. This would cut the time needed to prepare the machinery for elections approximately in half.

But the cost of maintaining such rolls is high—about \$1 an-nually for each voter—and un-less registration is made man-datory it would "cost a for-tune."

To questions by committee members, he said it is unreal-istic to aim at a 30-day election preparation period when one considers Canada's distances, the time needed for nominations and campaigning. But the list of voters could be ready within 30 days of an election call.

**TAKE SIX WEEKS**  
He was doubtful that "the body politic can adjust." It now takes major parties about six weeks to select all their candi-dates.

Permanent voting lists were an electoral officer's dream. But the present system of enu-

meration before each election on the average produced just as accurate a list at much less cost.

It would take about 18 months to compile the initial "perma-nent" list. The signatures of some 11,000,000 voters would be required.

All things considered the per-mament list would "create as many problems as it solves."

To MP's complaints of the cost of the present long cam-paigns, the commissioner sug-gested banning all campaign ad-vertising for the first 30 days after an election call.

Some 10,900,000 Canadians voted in the 1968 general elec-tion at a cost of about \$13,900,000.

## Olson Refuses To Issue Views

OTTAWA (CP) — Agriculture Minister H. A. Olson declined Tuesday to give the Commons a clue about the government's views on renewed representa-tions for a two-price system for wheat and acreage reduction payments.

Peppered with opposition questions, Mr. Olson stuck firm-ly to the statement that such re-quests had been made to the federal authorities by provincial legislatures, the Canadian Fed-eration of Agriculture and other farm bodies.

## New Colors For 3 Units

OTTAWA (CP) — The new Queen's color incorporating the Canadian flag will be presented to each of the three infantry battalions serving with Cana-da's NATO brigade in Ger-many, the defence department said Tuesday.

Gen. Jean V. Allard, chief of the defence staff, will act on be-half of the Queen in presenting the colors next Monday, at Fort MacLeod near Hemer, Ger-many.

Units receiving the colors will be the 1st Battalion, Royal 22nd Regiment; the 2nd Battalion, Royal Canadian Regiment; and the 2nd Battalion, Princess Pa-tricia's Canadian Light Infan-try.

The PPCLI will be presented with a new regimental color at the same time.

The Queen's color is a fringed silk-embroidered Canadian flag with the appropriate regimental insignia superimposed on the maple leaf. The old Queen's color employed the Union Jack.

**UNEMPLOYMENT DROPS**  
VANCOUVER (CP) — The number of British Columbians seeking work dropped 9,000 to 44,000 last month, showing the biggest improvement in Canada. The Dominion Bureau of Sta-tistics and Manpower said Tues-day that 758,000 were working in March compared with 744,000 in February.

# New Local Supper Club Has A South Seas Format

The tempo of Kelowna's night life is about to make a surging swing upward. Most people go through life with a "dream," but few ever reach their goal. Ron Pollard has, and because of his success residents of the Central Okanagan and visitors to the area who like to "swing" will soon have a place "where the action is."

The dream for 39-year-old former RCMP Corporal Pollard began two years ago and involved a night club for Kelowna. This week, after just more than three months of physical work, the Tiki Supper Club opens its doors at 275 Leon Ave. Featuring a south seas format, the Tiki will seat 164 customers.

The Tiki will be open from 6 p.m. to 2 a.m. daily, offering the club specialty, steaks in a special south seas sauce, plus seafoods.

Entertainment will easily be the best ever offered in a Valley club of this type, coming straight off the Pacific Northwest entertainment circuit, through a California booking agency's Vancouver office. Kicking off the Tiki's action

will be Big Miller and his trio, out of Vancouver.

Mr. Pollard is confident of his chances to bring big name performers to Kelowna. Agents are interested in having such people come to Kelowna, if the Tiki can be added to the major area entertainment circuit. A c's traditionally open on a Thursday and close the following Saturday at most metropolitan clubs and the Tiki hopes to have them come to Kelowna for Monday-Wednesday engagements, between shows at Vancouver, Calgary, Edmonton and northern B.C. points.

**LIVE ENTERTAINMENT**

If you haven't already guessed, the Tiki will have live entertainment six nights a week.

Mr. Pollard, a Kelowna resident for four years, plans to have between 12 and 18 people working full time at the club. A Vancouver native, Mr. Pollard was raised in Peniticon, but has seen conditions across the country as well as anyone and knows what the public wants in a supper club.

He joined the Mounties in 1951 and 17 1/2 years later had survived 59 postings in every Canadian province except Manitoba and Quebec, including the Yukon.

"I've seen hundreds of different clubs and have a good idea of what people are looking for these days," said Mr. Pollard. Offering much help to get the Tiki into operation was Kelowna artist Peter Soehn, who handled all exterior and interior design. The building is both attractive and functional inside and out.

**AMATEUR NIGHT**

Mr. Pollard is confident of the club's acceptance and future success.

"There has long been a need for such a club in Kelowna, not only because of the population increase, but because the city and district has become cosmopolitan enough that people want somewhere to go besides Friday and Saturday evenings.

"This has become known as a Friday and Saturday night town simply because there hasn't been anything to do the other nights.

"Many times while on duty with the force I had visitors ask me what there was to do in town and, reluctantly, I had to tell them there was nothing in the way of club night life."

Almost immediately the Tiki plans a weekly amateur talent night. Mr. Pollard plans a 16-week competition, with amateur entertainers working with the professional acts, probably on Wednesday nights. A final competition will be held, with an undetermined prize.

The club and Pollard's aim are ambitious, but not unachievable with much hard work and good service.

"I want to make this club so good and look after the customers so well they won't want to go anywhere else," said Mr. Pollard.

# Research Team To Study Okanagan Lake Pollution

A Simon Fraser University research team is out to discover exactly who is concerned about rapidly-accumulating pollution in Okanagan lakes.

The team, led by assistant geography professor Dr. Timothy O'Riordan, will leave Thursday (May 1) and spend two months in Salmon Arm and Peniticon surveying residents and tourists.

"We want to find out how people in these two communities are responding to the threat of lake pollution," Dr. O'Riordan said.

"Peniticon already has a serious problem with algae in Skaha Lake where it discharges treated sewage. In Salmon Arm, the problem is not yet serious, but it will become so."

Dr. O'Riordan's assistants on the project, financed by a \$5,600 grant from the federal department of energy, mines and resources, will be graduate student Alistair McVey, who is writing a master's thesis on the survey, and undergraduate Marda Samson.

Dr. O'Riordan said treated and untreated sewage, now discharged into the lakes, feeds algae, causing a green scum to form near the surface.

"Salmon Arm village now has plans to dump chlorinated raw sewage into Shuswap lake," he said. "Surprisingly, this may not be a danger to health, but it's a heyday for the algae."

# Growers Wine Earned More

VICTORIA (CP) — Growers Wine Co. Ltd. had a net increase in 1968 earnings despite heavy capital expenditures during the year, Brian H. Roberts reported Tuesday in his first report to shareholders as chairman of the board of the Victoria-based winery.

Net earnings rose 11.7 per cent in 1968 to \$118,495 from \$106,059 in 1967. Earnings before income taxes increased 32.5 per cent on sales of \$4,461,558, up 14.5 per cent over the 1967 figure of \$3,894,738.

Mr. Roberts told the 46th annual meeting of the company that he had expected the company's construction and expansion program would have resulted in a braking effect on 1968 earnings.

# Bankers' Aid Set Up In B.C.

An international banking office to assist corporate export and import managers in formulating plans for conducting business abroad has been established in Vancouver by the Royal Bank of Canada.

Heading up the new department is J. N. T. Rednall, who has spent the past 14 years in branches of the Royal located in the U.K. and South America.

Mr. Rednall said the bank's decision to open a special Vancouver office to handle international business in the area was due to Canada's increasingly prominent position in international trade.

The team members will also ask community leaders and officials about their fears of pollution and ideas on how to deal with the problem.

# BASEBALL STARS

By THE ASSOCIATED PRESS

Pitching—Marty Pattin, Pills, hurled a no-hitter for 7 2/3 innings and finished with a two-hitter, striking out 11 in pitching Seattle by California Angels 1-0 for his first complete game in the major leagues.

Batting—Ed Kranepool, Mets, hit his first two homers of the season for the game's only runs as the New York Mets tripped Montreal Expos 2-0.

# APOLOGY ORDERED

EDMONTON (CP) — Opposition Leader Peter Lougheed and two of his seven-member Progressive Conservative group in the Alberta legislature have been asked to supply evidence of statements made to the house or make a public apology. Attorney-General Edgar Gerhart told the legislature Tuesday the three made misleading statements during a public affairs committee study of the government's agreement with Calgary Power Ltd. on the Bighorn Dam development.

# AROUND B.C. IN BRIEF

# Kamloops Property Owners Face Hefty Rise In Taxes

KAMLOOPS (CP) — Kamloops property owners face an average increase of \$45 in taxes, says Mayor Peter Wing. He says the increase is inevitable in a growing community such as Kamloops "especially when provincial government grants and cost-sharing do not match the rate of growth."

**HANGS IN CELL**

BURNABY (CP) — Francois Cote, 54, a man facing habitual criminal proceedings, hanged himself in his cell Thursday, a few hours after he was told he had lost his appeal against a robbery conviction, police said Tuesday. Cote was convicted of the Feb. 27, 1968, holdup of a Vancouver credit union which netted \$2,264.

**WON'T HESITATE**

KAMLOOPS (CP) — Opposition leader Tom Berger said Tuesday an NDP government would not hesitate to prosecute any industry or municipality that consistently refused to obey British Columbia's pollution laws. He told the Shuswap Thompson River NDP Association the Social Credit government has been "a complete failure" in enforcing anti-pollution laws.

**GRANT REJECTED**

VANCOUVER (CP) — Town Fool Joachim Folks has his bid for a \$4,000 civic grant turned down Tuesday by city council which said it has no power to make such grants to individuals. Mr. Folks, who received a Canada Council grant of \$3,500 last year, had told council earlier he would have to go on welfare if the grant were not made.

**ACID THROWN**

VANCOUVER (CP) — Lawyer David M. Hutton, 26, was treated and released from hospital Tuesday after having acid thrown on his neck on a Vancouver street. He said he felt a "burning sting on my neck" and turned to see a man walking across the street. The bulk of the acid, thrown from a pill bottle, hit Mr. Hutton's overcoat.

**CLEAR RUN**

VANCOUVER (CP) — Lawyer Charles Maclean, 35, has a clear run for the leadership of the provincial Progressive Conservative Party following the withdrawal Tuesday of his only challenger, Rev. Walter McLean. Rev. McLean, 33, a Victoria-born Presbyterian minister now working in Winnipeg, said he will not seek the leadership because a provincial election expected this year would give him no change of being effective had he won at the party's June 13-14 convention here.

# GM's Troubles May Be Growing

DETROIT (AP) — Strikes against General Motors facilities in six states made idle nearly 38,000 workers today and threatened to spread.

The strike began Monday at assembly facilities in California, Missouri, Van Nuys, Calif., Kansas City, Mo., North Tarrytown, N.Y., Janesville, Wis., Atlanta and Baltimore. About 28,000 men walked out at those plants.

Another 8,400 men are striking Fisher Body and Chevrolet facilities in St. Louis in an unrelated action over work standards.

GM announced late Tuesday that about 1,200 men at Harrison Radiator Division plants in Lockport and Buffalo, N.Y., had been laid off because of the strikes.

Layoffs also are expected at other divisions that supply parts to the Chevrolet, Pontiac and Buick cars normally assembled at the strikebound plants.

Chevrolet and GM truck plants also were expected to feel the pinch as the strike continued.

Chrysler Corp. was notified Tuesday by the United Auto Workers that some 3,500 workers at the suburban Detroit Sterling stamping plant will strike next week unless safety grievances are resolved.

The plant was the scene of a recent wildcat strike that forced Chrysler to lay off more than 30,000 workers whose plants depended on the products of the stamping plant.

# NEW FACULTY

HARRISON HOT SPRINGS (CP) — The British Columbia Optometric Association urged at its convention Tuesday that a faculty of optometry be established at the University of B.C. President W. R. McRoberts of North Vancouver said the province's 147 optometrists are not enough to look after B.C. with its widely-scattered population.

# HIGHWAY PROMISED

ALERT BAY (CP) — Liberal leader Dr. Pat McGee promised a new highway to this northern Vancouver Island community Tuesday if his party forms the next provincial government. "There is a wealth of natural resources in this area that are undeveloped because highway access has not been provided," he told the Alert Bay Board of Trade.

# PLEADS GUILTY

SURREY (CP) — A Surrey juvenile was put on indefinite probation Tuesday when he pleaded guilty in magistrate's court to three arson charges. A second juvenile was remanded to May 13 for a date to be set for trial on three related charges. The charges were laid following a series of fires in barns and vacant houses in this Vancouver suburb.

# NEW ACT URGED

VANCOUVER (CP) — The Hotel Restaurant Employees' and Bartenders' Union said Tuesday a new liquor act is needed which would place the onus on customers in licensed premises to prove they are over 21 years of age. Currently the waiter faces a minimum fine of \$300 if he serves under-age patrons. The proposal will be made to the B.C. liquor royal commission at a hearing here June 9.

Congratulations to the TIKI on the occasion of their Grand Opening

Quality Stationery Supply By FINLAY Printing Co. Ltd. 1453 Ellis St. 763-4513 "Quality and Service Are Our Guide-words"

# We prove our cars the hard way to make them worry-free

We've taken our Datsun 1600s over some of the roughest roads and through the toughest rallies to prove a single point: that Datsun 1600s are more dependable than any other cars in their class.

Just for the record, Datsun has always had a fine reputation for reliability and performance. Datsun won the Canadian Rally Championship in 1967. Datsuns won two classes in the Shell 4000 Rally/68. And this year, Datsun 1600 won the South African Gold Fields Rally. It won team class honours in the rugged East Africa Safari Rally, where a field of 87 cars started and only 31 finished. Datsun 1600s came in 3rd, 5th, 7th, 8th, 11th, and 13th.

Datsun 1600s have real muscle. They're the most powerful imported cars in their class. Their advanced design overhead cam engines turn out 96 hp. They can go 0-60 in 13 seconds and up to 100 mph. And they can go up to 35 miles per gallon.

Mercedes-Benz, BMW and Datsun 1600 have a similar all-independent suspension system for precise handling and perfect control. There's a collapsible steering column, disc brakes, headrests, safety harnesses and padding inside. All standard equipment. You don't have to race or rally a Datsun 1600 to enjoy it. You can take it easy with an all-synchro 4-on-the-floor or 3-speed automatic and stay cool with a "windows-up" fresh air ventilation system. Test drive Datsun 1600 soon. There are more than 160 Datsun dealers coast-to-coast in Canada and over \$1,000,000 in parts to back it wherever you go.

the more-for-your-money car \$2145

There's a Datsun for you: 1000 2-Door and 4-Door Deluxe Sedans, 1600 2-Door Sedan, 4-Door Deluxe Sedan and Wagon, 1600 and 2000 Sports, Pickup and 4-Wheel Drive Patrol. ## MUSICALLY SPEAKING

### Not Enough Room For All The Firsts

With BETHEL STEELE

In Tuesday's column I stated there were several firsts in this festival but mentioned only the introduction of guitar classes. Monday was such a full day there just wasn't enough space to get everything in that first column.

The next important first for the Okanagan festival is the presence of two very charming lady adjudicators. We have had lady ballet adjudicators but not to my knowledge two in the other opposite department.

Mrs. Ralston as the instrumental adjudicator and Mrs. Beckett for the vocal and choral, bring a special aura and when standards must be maintained they are both diplomatic and most kind.

As is always the case with new classes standards, to begin with, are at times deplorable. There is nothing wrong with this for next festival students and teachers involved know better what to expect and what is expected of them. This is what the festival movement is all about and the exploration of new vistas must be obtained if the cultural life of the community is to remain vigorous.

Tuesday morning I played hockey after writing until early morning. This year I am using a tape recorder and it takes a bit longer to get myself straightened out. I still take hand notes but the tape is there for implicit accuracy... (another first).

So, for Tuesday we start with the Bach... piano solo under 15 and Two-Part Invention. But before we get into wonderful Bach I hope all the young people I missed in the morning will understand and hope the teachers will forgive me. I'll meet them at another vocal session later on.

In the Bach class Mrs. Ralston stated this was a good class on the whole. Bach is difficult because tradition must be followed, you can't be too free. These inventions are dialogues for two voices and both must be completely equal. Mrs. Ralston told the class they had good rhythm and good dynamics but reminded them great crescendos and diminuendos would be out of keeping with the classical tradition to which this music belongs.

Sheila Jean Galt of Penticton won the class with a mark of 82. She had equality between the voices with good technical control.

Mica Creek visited us again, this time in company with two choirs from Revelstoke school district... city proper. None of the marks were over 70 in fact the three in the Grades 4 to 7 class all received 70. But for the sake of encouragement might we remind the adjudicators that students of this age just cannot understand how all three choirs could merit the same mark.

Too bad Kelowna ignored this class... the hall should have been packed with choirs with more waiting outside... shades of Manitoba festivals. And for the sake of all those who think otherwise Mrs. Beckett rightly told the teachers of these classes that the so-called monotone can be taught to sing... that the fact was worth a bit of individual instruction.

May we take the liberty here to compliment Mrs. Beckett for her lovely approach to two little girls in an under eight piano class. She actually taught them a lesson away from the piano. I wish I had had a teacher such as she when I was their age. These two will never forget her to the point of playing music all their lives.

I skipped the afternoon modern music class for a good view of a wonderful evening piano quartet... (eight hands... two pianos)... open. The foursome from Penticton... Mary Foster, Lynn Gartrell, Leslie Cryderman, and Debbie Stoney. They played the Smetana Sonata in one Movement. Their mark was 85. Mrs. Ralston told the players this was a good start for the evening and that even though there was not much repertoire for this particular instrumentation it didn't stop them from doing their own arrangements. Rhythm was good as was balance between the parts. They had a plan and followed it but should try more variety of tone. It was a dazzling finish.

The evening gave us another modern music class... under 18. There were five contestants and what a five. Mrs. Ralston remarked that this music as called modern, no longer sounds so... and shows how we change now that we are used to the avant garde. It now sounds old fashioned... this music of Shostakovich, Khachaturian, Bartok, Kabalevsky and Poulenc.

These composers were red-blooded therefore this is personality playing at its best. You must let yourselves go and this is hard because these pieces are technically difficult. Kathleen Keenan of Kelowna received 85 marks for her playing of the Khachaturian Sonata, 1959. She also received the Harriett Jensen trophy. Mrs. Ralston told Kathleen she gave an excellent opening and caught the attention of the listener. The sixteenth notes were amazing and there was a very strong rhythmic sense. She played with abandon as if she had composed the piece.

The final class of the evening was the Beethoven... piano, open. Margaret Daniel of Kelowna received 83 marks for the wonderful Sonata, Opus 31, No. 2. We are told that Beethoven never stopped writing symphonies when he wrote his sonatas so this music must be played in the grand manner. This Opus 31 is very famous and an old warhorse but it never loses its excitement. Margaret was told she played very correctly and now she must give the excitement and be a poet in the speaking passages but must get more drive. This was a well managed performance.

## May Day To Be Troubled In U.K. Industrial Situation

LONDON (CP) — Scattered but widespread disruption in British industry is expected Thursday—the traditional May Day of the Communist party—in a leftist-inspired series of strikes.

Aimed at the government's proposals for toughening anti-strike legislation, the prospective walkouts in a wide range of industry are designed as the first big politically-motivated stoppages since the country's 1926 general strike.

The Communist party has been beating the drums for another general strike on May 1 for some weeks, though there is no likelihood of that. Expectations today are that about 250,000 workers may take the day off, but these would cause production drops higher than the numbers suggest.

Prospects are that work will stop at London's docks, vital to getting out the exports that keep Britain's shaky economy alive. Liverpool and Hull, other big shipping centres, also could be affected.

As it looked today, publication of Britain's national daily newspapers of Thursday would be stopped. Some print workers are to start a 24-hour strike starting at 6 p.m. today.

The Newspaper Publishers Association issued a statement apologizing in advance to readers who do not receive Thursday papers and noting that the stoppage would be "wholly political and not directed at employers."

Printers unions did not endorse the strike but the Society of Graphical and Allied Trades issued a statement saying it would not suggest drastic action against idle members.

Almost all unions except a couple on the docks have refused to endorse the strike. The Trades Union Congress also has turned thumbs down on it. But British unions have notoriously little control over wildcat strikers, and only May Day will tell the tale.

**CULTURE PAYS**  
ASHCROFT, B.C. (CP) — A Polynesian wife, 10 years of planning, and an avid interest in the Indian culture of British Columbia have paid off for Thomas Johnston, 47, of this south-central B.C. town. After thinking about various designs for a decade, Mr. Johnston recently designed an Indian game called Chikist, which is selling well in B.C. and Alberta stores. Vancouver manufacturers, under contract, have sold 10,000 of the games so far. Johnston credits his Tahitian wife with encouraging him to go ahead with the idea years ago. Part of the revenue will go to native Indians, especially to Vancouver's Indian Centre.

## Relevancy Rules Invoked To Rein In Creditistes

OTTAWA (CP) — The rules of relevancy were invoked in the Commons Tuesday night to rein in Creditistes who are waging a tenacious debate against the proposed new law on abortion.

Speaker Lucien Lamoureux took the chair for an hour and cut seven Creditiste MPs short as they spoke in rambling fashion on amendments to the abortion proposals.

Deputy Speaker Hugh Faulkner then took the chair.

The proposed law would allow abortion where a hospital committee of three or more doctors certifies that the mother's life or health would, or might be, endangered by continuation of pregnancy.

The abortion clauses are part of an omnibus bill to amend the Criminal Code and have been before the House, at the report stage, since Monday. More than a dozen amendments to the proposed law have been proposed.

Creditiste MPs, speaking to their full time limits, argued that human life begins at conception and thus makes abortion murder.

The House heard an amendment by Gaston Clermont (L-Gatineau) to limit abortion to cases of direct threat to a mother's life or health.

Mr. Clermont's amendment, which was deferred, would do this by removing the phrase "or

would be likely to endanger" life or health.

Temper of government and opposition members began to wear as debate on the omnibus bill entered, by government count, its 14th day.

Donald S. Macdonald, the government House leader, who gave the debate figure accompanied it with a statement that the rate of progress on the legislation made him wonder whether Parliament will deal with anything else before the summer recess late in June.

### DENY DELAY

Later, Eldon Woolliams (PC—Calgary North) charged Mr. Macdonald with misrepresentation and fraud in implying that the Conservatives were dragging their feet in the debate.

All speakers from his party had been brief and to the point whether the house was discussing sections of the bill on homosexuality, abortion or anything else.

Also Tuesday, the Commons committee on procedure and organization tabled a report in the Commons giving its blessing to a novel scheme for a politician internship program.

The report followed a Commons motion by Alfred D. Hales (PC—Wellington) that a group of interns—recent graduates in political science or from studies that relate directly to political institutions—be given assignments on Parliament Hill.

The Commons itself must still approve the report and this is considered likely.

## General Sees No Way Now To Cut Troops In Europe

OTTAWA (CP) — NATO's supreme commander in Europe says there is no military justification for a troop reduction in Europe now.

Gen. Lyman Lemnitzer, 69-year-old four-star American general, made the statement twice at a news conference here Tuesday.

He added, however, that he was speaking in general terms and not specifically of Canada, which has announced it will start troop reductions in Europe next year.

Gen. Lemnitzer was on his farewell visit here as NATO's military chief in Europe. He will retire July 1 after 6½ years in the post.

History seemed to be repeating itself here Tuesday.

In January, 1963, Gen. Lauris Norstad, then NATO supreme commander in Europe, told a news conference here that Canada had made a commitment to accept American nuclear warheads and should carry it out.

His statement caused a political furore and the Diefenbaker government, which refused to take on nuclear arms, fell a month later. The Pearson administration accepted nuclear weapons.

John Diefenbaker, prime minister in early 1963, declined to meet Gen. Norstad.

Gen. Norstad's news conference, like Gen. Lemnitzer's, was held at the air force's Up-lands base here. Prime Minister Trudeau declined to see Gen. Lemnitzer.

With a grin, Gen. Lemnitzer said he knows all about Gen. Norstad's farewell visit to Ottawa.

Political circumstances are far different here than in 1963, however. For one thing, Mr. Trudeau has a majority government whereas Mr. Diefenbaker's was a minority administration. And the announced troop reduction in Europe is not the burning issue nuclear arms represented six years ago.

### OFFICER INJURED

BURNABY (CP)—RCMP Constable J. Keith McMurchy, 23, was in fair condition in hospital Tuesday night after his motorcycle collided with a car. Police said the officer's bike "appeared to have gone out of control" and skidded sideways into the car. Const. McMurchy suffered multiple head and body injuries.

**PUBLIC BROADCAST**  
The world's first public television broadcasting service was opened from Alexandra Palace, London, on Nov. 2, 1936.

## Trip To Barber Bolsters Marty

By THE ASSOCIATED PRESS

Since Marty Patten went to see The Barber he's been a menace to his former teammates, California Angels.

Patten, picked up by Seattle Pilots from California in the American League expansion draft, pitched a two-hitter Friday as the Pilots nipped the Angels 1-0 on an eighth-inning homer by catcher Larry Haney.

The victory was Patten's second in two appearances against California. The complete game was his first in the majors.

"Give the credit to our pitching coach, Sal (The Barber) Maglie," said the right-hander, who held the Angels hitless for 2-3 innings and finished with 11 strikeouts. "He changed my delivery and gave me a couple of other suggestions during spring training."

"Before, I had a lot of wasted effort. I was rearing back and winding up. Sal got me to take less of a windup and to stop rearing back."

Maglie, who pitched a no-hitter 13 years ago for the old Brooklyn Dodgers, watched his protegee stop the Angels cold until Tom Satriano singled with two out in the eighth. Jim Fregosi singled with two out in the

ninth, but Haney cut him down trying to steal second, nailing Patten's third victory against one loss.

In other AL games, Boston Red Sox shaded New York Yankees 2-1, ending Mel Stottlemyre's winning string at five; Detroit Tigers topped Washington Senators 5-4 on Mickey Stanley's three-run double in the ninth and Minnesota Twins pounded Kansas City Royals 9-1 behind Harmon Killebrew's grand-slam homer.

The Baltimore-Cleveland game was rained out and Chicago White Sox and Oakland Athletics were idle.

Mike Nagy, making his first major league start, held the Yankees to three hits and an unearned run in 6-2-3 innings and Sparky Lyle finished up with a hitless relief job after the Red Sox scored twice in the seventh.

Tony Conigliaro doubled and scored the tying run on a single by rookie Syd O'Brien, who continued to second on the throw to the plate and took third on a wild pitch. Stottlemyre struck out George Scott and walked Rico Petrocelli intentionally before O'Brien scored as Joe Azcue bounced into a force at second.

HORSE SHOW COMES TO KELOWNA

More than \$100,000 worth of horse flesh will be on display May 7 when the Kelowna Riding Club sponsors its second annual Four-Seasons cutting

and quarter-horse show at the club grounds on Gordon Road. One of the entries in the show is Kelly Scott, ridden above by owner Dr. W. H. Hender-

son of Rutland. The events, in one of the finest shows of its kind in this area, will get under way at 8 a.m. (Courier photo)

## Duff Feels Blues' Crowd Won't Stop Hab Success

MONTREAL (CP) — Left-winger Dick Duff who scored a second-period goal Tuesday night to help Montreal Canadiens to a 3-1 win over St. Louis Blues, doesn't think the hometown fans will help the losers.

The win left Montreal with a 2-0 edge in the best-of-seven Stanley Cup final, with the third and fourth games scheduled for St. Louis Thursday and Sunday.

"The fans can't go on the ice and win the game for them," Duff said when asked about the help the Blues will get from their fans. "They had some pretty good fans in New York and Boston, too, and we beat them."

Montreal knocked out New York Rangers in four games and Boston Bruins in six to reach the final against the Blues.

However, Montreal coach Claude Ruel had reservations not shared by some of his players.

"I'm glad we're going to St. Louis up 2-0 instead of 1-1 or with no wins," Ruel said. "St. Louis had a much better record this season than they did last year when we beat them four straight for the cup."

"We must respect them because every game against them this year has been tough."

**HAPPY WITH VACHON**  
The Montreal coach said he was pleased with the goaltending of Rogation Vachon who almost didn't make it for the game. He was struck by a shot from John Ferguson in the pregame warmup and played the game with a pressure bandage wrapped around a bruised right arm.

Vachon's first playoff shutout was spoiled by Larry Keenan who slid a shot underneath the Montreal goalie in the third period.

"I got a piece of the first shot with the side of my pad, but I couldn't get up the time to stop the second one," Vachon said.

Ferguson, meanwhile, was flabbergasted when told he had set a pair of playoff records Tuesday night.

"You got to be kidding," said Ferguson.

His first-period double minor and misconduct made him the all-time Stanley Cup penalty leader with 218 minutes in 65 games—two more than Gordie Howe of Detroit Red Wings—and a record 74 minutes in 12 playoff games this season.

Ferguson said of the records: "And what's more it cost me money to set them."

He was assessed an automatic \$25 for a spearing minor and the same amount for the misconduct.

**MISSSES EMPTY NET**  
Centre Ralph Backstrom scored Canadiens' first goal in the opening period and narrowly missed an empty-net shot in the final minute as the Blues yanked goaltender Glenn Hall.

"I guess I just put too much English on the one that missed the empty net," Backstrom said.

## Canadiens Move Closer To Stanley Cup Victory

MONTREAL (CP) — "Why the long faces?" Scotty Bowman said as he walked out of St. Louis Blues dressing room Tuesday night. "It's not the end of the world."

"We know we have to win a game here, but who has won here in the first two games of the playoffs in recent seasons?" said Bowman.

Boston Bruins and Chicago Black Hawks lost the opening two games against the Canadiens here last year, and the same thing happened to New York Rangers and Boston Bruins in the last three weeks.

What Bowman didn't mention was that in falling 3-1 for the second time in as many games in this year's edition of the Stanley Cup, the Blues had extended their winless streak against Montreal to 16 regular-season and playoff games.

**OUTLOOK NOT BRIGHT**  
And with the third and fourth games scheduled for St. Louis Thursday and Sunday afternoon, the outlook for the Blues is anything but bright for the National Hockey League's top prize.

Centre Ralph Backstrom, whose main task in the opening was to contain Red Berenson, the Blues' hottest shooter, scored at 17:26 of the first period and by 14:11 of the second the Canadiens had a 3-0 lead.

Larry Keenan scooped the puck under Rogation Vachon's pads midway through the final period while kneeling in front of the crease to spoil the young Montreal goaltender's shutout bid.

Bowman still is optimistic that the St. Louis fans will give his club an edge.

Barclay Pledger, who came into the game with an injured back and came out with a large welt on his left leg, said: "We have to stop worrying about winning the cup and concentrate on winning one game."

Glenn Hall, making his first appearance in goal for St. Louis since April 2 when he pulled a muscle in the opening period against Philadelphia Flyers, set a record for the most playoff appearances by a goaltender—104—to erase the mark he shared with Terry Sawchuk of Detroit Red Wings.

Hall was the most valuable player in the 1958 Stanley Cup and was brilliant Tuesday night in stopping 30 shots. Dick Duff and Yvan Cournoyer were the only other Canadiens to beat him.

John Ferguson set two records, but all he got for his efforts were two lines in the playoff fact book and \$50 in fines.

Ferguson was given a double minor and a misconduct with 10 seconds to play in the first period to become the all-time penalty leader in playoffs.

He now has a total of 218 penalty minutes in 65 games, two more than Detroit's Gordie Howe who needed 150 games to pick up 216 minutes.

Ferguson's 14 minutes Tuesday also eclipsed the one-year record of 73 minutes set last year by Barclay Pledger in 18 playoff games with the Blues. Ferguson has 74 minutes for 12 games this year.

The spearing minor and the misconduct penalty each cost him \$25.

Meanwhile, Bowman said his team is taking too many penalties. Bill McCreary was off for tripping when Duff scored his fourth playoff goal at 9:07 of the second period to give the Canadiens a 2-0 lead.

Montreal hardly let the Blues out of their own zone in the last five minutes of the period and Cournoyer made it 3-0 at 14:11 with a slapshot from 20 feet.

Keenan's power-play goal at 9:20 of the third period came with the Canadiens two men short and trying to protect Vachon's shutout.

## New Home Recipe Reducing Plan

It's simple how quickly one may lose pounds of unsightly fat right in your own home. Make this home recipe yourself. It's easy, no trouble at all and costs little. Just go to your drug store and ask for four ounces of Naran Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Take two tablespoons full a day as needed and follow the Naran Plan.

If your first purchase does not show you a simple easy way to

lose bulky fat and help regain slender more graceful curves if reducible pounds and inches of excess fat don't disappear from neck, chin, arms, abdomen, hips, calves and ankles just return the empty bottle for your money back. Follow this easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

## LETTER TO SPORTS EDITOR

Dear Sir:

I am against Herb Sullivan's move to remove fighting from hockey.

What would happen if you cut out fighting in hockey. Some would say you would increase sportsmanship, as well as decrease injuries, yet others like myself would say you would decrease sportsmanship and increase injuries.

Put yourself in the position of a hockey player with a fair amount of vigor, which most hockey players have to have. You are digging in the corner after the puck and find yourself being hit with an elbow, charge, knee, butt-end or a spear. The contact is so close that the referee cannot see the infraction. You say to yourself 'I've got his number' and wait for the moment for him to come near with the referee looking the other way.

What are you going to do—let him do it again or get him back? This is where the fights start.

They ban fighting in hockey—doesn't elbowing or any other infraction show poor sportsmanship and shouldn't they be banned also? So what happens? You will end up with a game of pansies. This game was not made for pansies, it was made

for boys and men who want body contact.

These men learn from their coaches to put a puck into a net whatever way possible. Would you watch a hockey game if you knew there would be no rough or dirty play? Ask any referee if he would rather carry a player off the ice with a concussion from a butt-end or would he rather send two players to the penalty box for fighting. Cut out the fighting and you are bound to get more elbowing, butt-ending etc.

Wouldn't you rather give a fighting penalty Herb Sullivan?

**INTERESTED PARTY**  
Editor's Note: Mr. Sullivan is co-ordinator of referees for the Kelowna and District Minor Hockey Association. In recent weeks, he has launched a campaign to have any player who fights removed from the hockey game.

## Armed Negro Protestors Seized On S.C. Campus

By THE ASSOCIATED PRESS

Armed Negro protesters at Voorhees College in Denmark, S.C., were arrested after they laid down their weapons and walked from the two buildings they had seized.

Sit-ins and strikes continue at several campuses around the United States as President Nixon called on colleges not to "surrender to force" on their campuses.

Two hundred National Guard troops and 40 state troopers moved on to the predominantly Negro Voorhees campus Tuesday after Gov. Robert McNeil declared a state of emergency.

They arrested 25 persons, including at least four non-students, who had seized the administration building and adjoining science building Monday.

Led by faculty members B. J. Dingle and Charles Ramsey, the 19 men and six women walked out of the administration building, past armed guardsmen and an armored personnel carrier before being taken into custody.

"Get your racist troops back!" Dingle shouted at guard officers.

**POTTS SOUGHT HELP**  
Two hours before troops moved in, President John F. Potts said negotiations had taken an encouraging turn, "and I think this can be settled without force." J. P. Strom, South Carolina's top law enforcement officer, said he had to arrest lawbreakers and added that Potts had sought help Monday in a letter to the governor.

The protesters were taken to jail and charged with riot and unlawful assembly. They were then transferred to the state penitentiary in Columbia for arraignment. Bond was set at \$3,500 for one man, \$2,500 for 18 students.

**Relative Calm Now Returns To Racially Troubled Cities**  
National Guard troops and lightly enforced overnight curfews brought relative calm today to Winston-Salem, N.C., and Cairo, Ill., after the two cities had experienced several nights of racial disturbances.

Heavily armed police patrols and a 9 p.m.-to-5 a.m. curfew brought order also to Linden, N.J., after two days of clashes between Negro and white teenagers.

The 185 guardsmen sent into Cairo by Illinois Gov. Richard Ogilvie were posted at strategic locations including the city gas works, electrical power station, St. Mary's Hospital and a public housing complex.

Thirty state troopers and the city's 16-man police force patrolled through the night to prevent a recurrence of the gunfire and firebombings that took place the three previous nights. The curfew was ordered Tuesday.

**Hornets Win Second Game**  
GALT, Ont. (CP) - Galt Hornets unleashed a 45-shot assault to trounce Calgary Stampede 9-3 in Allan Cup play Tuesday night, a defeat that sent the Western champions into hiding.

Coach Roy Kelly heard the Calgary dressing room to the press and visitors after the defeat before 2,400 fans and offered only a disgruntled "no comment" when reporters finally got to see him.

Galt now leads the Canadian senior hockey championship series 2-0. The third game of the best-of-seven round is scheduled here Thursday night.

Joe Hogan, team captain and veteran of Galt's last Allan Cup triumph in 1961, led the Hornets with three goals. Centre Vance Millar struck twice for the winners with Fern Belanger, Pete Brennan, Pete Panagabko and Howie Dietrich scoring once.

Ted Demchuk collected two goals for the Stampede—one a brilliant individual effort early in the second period—and Warren Hicks scored the other.

**LOST EARLY LEAD**  
The Stampede, who dropped the opening game 7-2 here Sunday, started aggressively Tuesday. They split four goals with the Hornets in the first period and grabbed a 3-2 lead early in the second—the only time they have been ahead in the series.

But then the Hornets built up a 5-3 lead going into the final 20 minutes.

Calgary's defence fell apart when Hogan scored his second goal of the game to tie it 3-3 at 11:27 of the second period.

**HALF STAYED AWAY**  
Students at the University of Rochester pledged to press their boycott today, after the school reported 50 per cent absenteeism Tuesday.

Students are demanding the school, in Rochester, N.Y., sever relations with the Centre for Naval Analysis, in Roslyn, Va. The 8,500-student school has a \$440,000 government contract with the centre.

At other campuses: **HANOVER, N.H.**—About 200 students began a sit in at Dartmouth College's administration building to demand abolition of the Reserve Officer Training Corps program on the Ivy League campus. More than half of Dartmouth's 3,100 students voted to end the program within a few years. Another large segment voted to make ROTC an extracurricular activity, while a small minority favored retaining the present setup.

**BELMONT, N.C.**—Seven black students ended a 10-hour seizure of the science building at Belmont Abbey College after administrators said they would consider the 15 demands raised by protesters.

There are nine blacks among the Roman Catholic school's 800 students.

## Lang Peppered With Questions On Oil Exports

OTTAWA (CP) — Acting Energy Minister Otto Lang was

peppered with questions Tuesday about whether the national energy board had instructed Canadian oil suppliers to reduce exports to the United States.

He told the Commons that the board has been in touch with suppliers and buyers in the light of the existing agreement with the U.S. Since no new agreement has yet been reached "we have certain obligations."

Pat Mahoney (L-Calgary South) wanted to know whether the board is indirectly imposing export quotas.

Mr. Lang said the "question of alternative action is always an issue" provided voluntary action is not effective.

Eldon Wooliams (PC-Calgary North) asked whether the board's action reflects government policy.

Mr. Lang said there could be no specific government statement until an agreement is reached with the U.S. So long as the present agreement exists "we have an obligation to honor it."

## Log Fallers Form Society

CAMPBELL RIVER, B.C. (CP)—British Columbia log fallers—the elite among workers in the forest industry—are forming a society to protect their dwindling ranks from automation.

About 100 of the 1,000 fallers still cutting down trees in the province who recently met in this Vancouver Island community decided to apply for a charter for the Coast Fallers' Society.

The men, who usually make about \$15,000 a year, are members of the International Woodworkers of America and have no intention of breaking away from the union, their first president, Jake Bergen said.

What they want is for the IWA to pay more attention to their problems right now, he said.

The move to form a society was prompted by a new machine with a scissor-like cutting device that can fell a 24-inch trunk and snippers to remove the branches in one operation, union members said. One man can operate the machine.

Mr. Bergen said the fallers' society will begin by asking the IWA regional officers to include their problems in discussions with forest companies.

## Union Nationale Offers A Lure

QUEBEC (CP) — The Union Nationale government Tuesday night laid the political foundation for an early general election, offering Quebecers the benefits of a budget without tax increases.

Promised was a Quebec medical care insurance program, to start July 1, 1970, on the condition that the federal government accept Quebec's request to opt out of the national program.

Liberal Leader Jean Lesage said Finance Minister Paul Dozois' budget address in the national assembly amounted to the announcement of an election later this year.

Separatist Leader Rene Levesque, who says his Parti Quebecois should reach a peak in popularity this fall, contended that the budget "does all it can to keep the door open for a fall election."

**PROVIDES FOR DEFICIT**  
The budget provides for a deficit of \$218,600,000 for the 1969-70 fiscal year, compared with a deficit of \$118,900,000 in the last fiscal year.

Estimated revenues for 1969-70 are \$2,357,800,000, an increase of 10.4 per cent or \$278,500,000 over 1968-69.

Estimated expenses for 1969-70 are \$3,178,400,000.

Budget benefits included increased financial aid to both rural and urban municipalities and a measure to make most inheritances in the province free of Quebec succession duties.

**Canada Urges Safeguards To End All Nuclear Tests**

GENEVA (AP) — Canada told the 17-nation disarmament committee Tuesday that ceasing production of fissionable material for use in weapons would be a major move toward preventing nuclear war.

George Ignatieff, chief Canadian delegate, said conference progress toward such a "cut-off" and a complete ban on nuclear tests would speed up the bringing into force of the treaty to halt the spread of atomic arms.

He said a cut-off, like the partial test ban and other disarmament agreements, are "preventive measures, necessary to arrest the arms race, before the process of reduction and elimination (of nuclear weapons) can gather momentum."

"The possibilities of achieving at least the aim of eliminating the threat of nuclear war, except in the framework of general and complete disarmament, do not seem very great," Ignatieff said. Measures such as a cut-off, however, would form an "essential part" of a pattern aimed at "preventing the growth of the threat of a nuclear war."

The bidding:  
North East South West  
1 ♠ Pass 1 ♥ Pass  
1 NT Pass 3 ♣ Pass  
3 ♥ Pass 4 ♥

Opening lead — queen of spades.

A fine declarer makes not only the tricks that really belong to him but also some that don't. These additional tricks are often the result of a calculated effort by him to induce a mistake by the defense.

Here is an example of such a case. South is in four hearts and West leads a spade. If you look at all four hands you can see that South should go down one. The trumps are divided 4-1 and the diamonds 4-2, and he

should therefore lose three hearts and a club.

But if declarer pays close attention to his knitting, he is likely to make the contract. While he does not see the opponents' cards and hence does not know that the trumps are divided 4-1, he should plan his play on the assumption that this is the case.

He realizes that a 3-2 trump break would automatically give him the contract, so he takes steps to try to overcome a 4-1 division. In line with this, he wins the spade in dummy with the ace and returns the ten of hearts.

Now put yourself in East's shoes imagining you see only your hand and dummy's. How many players do you know who would play the six on the ten? Most of them would cover with the jack, and no sooner would they do this than declarer would make the hand. He would play the ace, spear the king, cash the king of spades, ruff a spade, and lead a heart from dummy. East would make two trump tricks and a club, but South would make the contract.

Note that if declarer's first trump lead from dummy is the three, East would of course follow low. Eventually, South would lose three trump tricks and a club to go down one, because of his failure to give East a chance to make a mistake.

**YOUR HOROSCOPE**

**FOR TOMORROW**  
Excellent Venus influences now accent the glamorous in romance, artistic pursuits and entertainment. If carefully avoided, you should also do well in occupational interests, with some long-awaited recognition possible.

**FOR THE BIRTHDAY**  
If tomorrow is your birthday, your horoscope indicates that, regardless of any financial gains you may have netted since the beginning of the year, it would be well to consolidate now and start thinking—and planning—for the future. Your chart, as those of all Taurus, except for possible small "windfalls" in mid-June and/or late November, does not promise much opportunity of adding to your monetary assets before Dec. 1, when you will enter an excellent 3-week cycle on this score, to be followed by an even more propitious 3-month period beginning on Feb. 1, 1970.

In the above connection, however, it will be important to remember two things: To achieve the gains which can be yours later in the year, it will be important to plan your financial moves ahead of time. Too, it

will be imperative that you operate smartly for the balance of 1969. Avoid speculation and don't make any long-term commitments—especially between now and May 15, in early June or between July 1 and Sept. 21. If, however, you are in any way involved with real estate, a deal (either buying or selling) at any time between July 20 and Aug. 21 could prove profitable. Best periods for progress along occupational lines (and you have many this year): Mid-May, mid-June, throughout July, August and September, between Oct. 10 and Nov. 9, and from mid-January through mid-March.

Personal relationships will play an important role in your life within the next 12 months, with emphasis on social interests and travel in late June, the first three weeks of July, throughout August, during the first half of October, the last half of December and next February; on romance in June, September, late December, January and next April.

A child born on this day will have an outstanding artistic bent, but with a practical aspect, will also be more domestically inclined than those born under any other Sign.

**OFFICE HOURS**

"If he's not a mama's boy, why is his mother out there crying because he's taking you to lunch?"

ETTA KETT

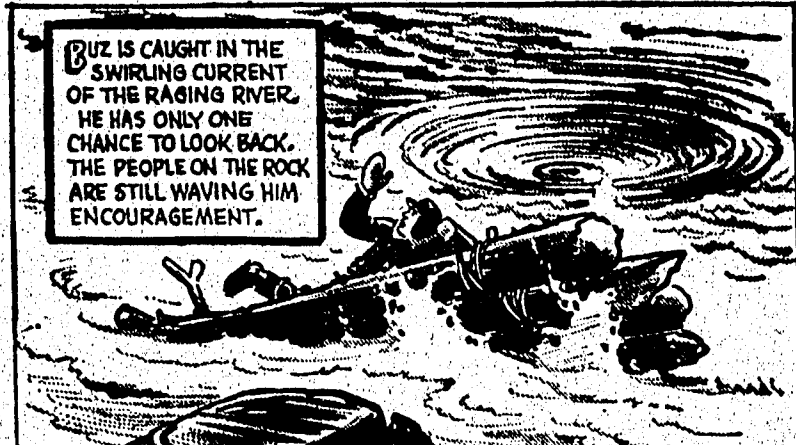

NO! BUT TABBY TYGER ESCAPED IN ONE OF THOSE SPACESHIPS!

AT THAT MOMENT—

YES, MA'AM! AT ONCE!

HEY! THE SHIPS ARE BLOWING UP! TABBY TYGER MUST BE DOING THAT! I'M COMING ABOARD, HOPPY!

BUZ IS CAUGHT IN THE SWIRLING CURRENT OF THE RAGING RIVER. HE HAS ONLY ONE CHANCE TO LOOK BACK. THE PEOPLE ON THE ROCK ARE STILL WAVING HIM ENCOURAGEMENT.

THEN INTO THE RAPIDS. HIS POLE IS GONE. HE CLINGS TO THE RAFT FOR DEAR LIFE.

I WANT YOU TO DELIVER A MESSAGE TO THE CHEF FOR ME.

TELL HIM THIS IS THE CRUMMIEST POT ROAST I'VE EVER EATEN!

HE'LL APPRECIATE YOUR KINDNESS.

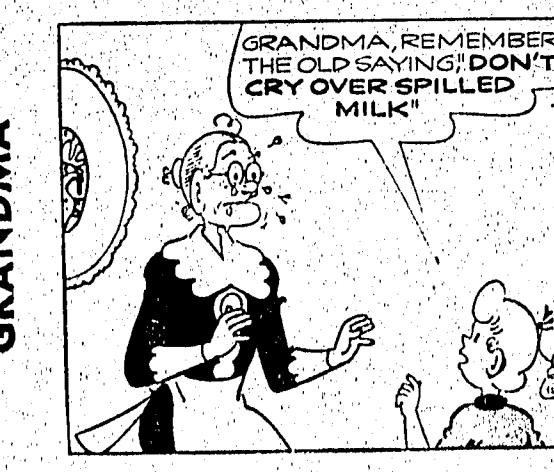

THE LAST CUSTOMER WHO HAD THE POT ROAST WENT BACK AND HIT HIM.

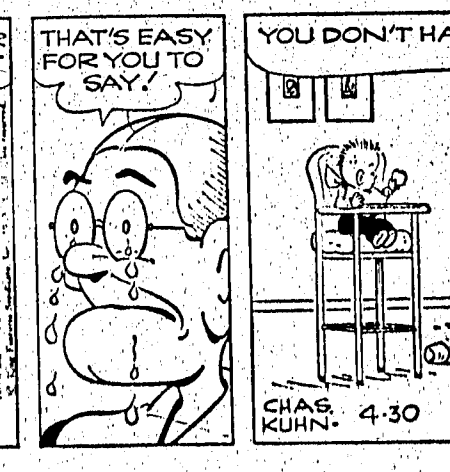

I LIED TO ROBERT ABOUT MY HEALTH BECAUSE I WANTED TO FORCE HIM INTO A POSITION OF RESPONSIBILITY FOR THE FIRST TIME IN HIS LIFE. EVER SINCE HE WAS A SMALL BOY HE'S RUN AWAY FROM DECISIONS VIA SOME HAZARDOUS SPORT—OR BY HAVING AN ACCIDENT!

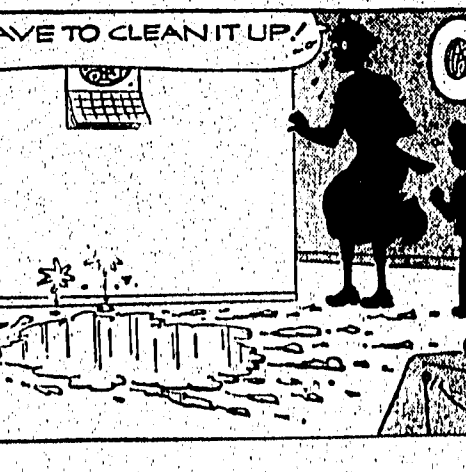

THE ACCIDENT PROTECTED HIM FROM ASSUMING HIS PROPER PLACE IN SOCIETY. HE BECAME AN INVALID—SEEKING PITY AND RELEASE FROM HIS DUTIES!

GRANDMA, REMEMBER THE OLD SAYING? DON'T TRY OVER SPILLED MILK!

THAT'S EASY FOR YOU TO SAY!

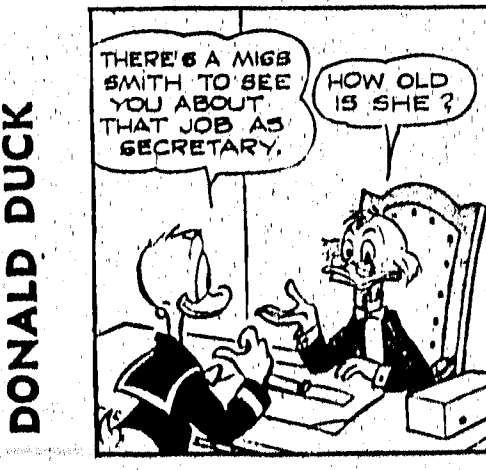

YOU DON'T HAVE TO CLEAN IT UP!

EVERYBODY UNMASK AND MEET YOUR PARTNER!

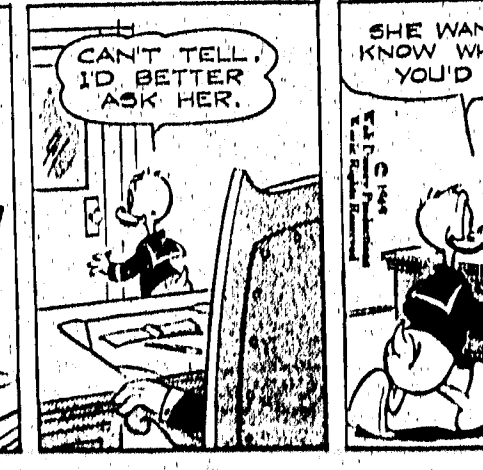

SHE FAINTED! MAYBE SHE WAS EXPECTING OMAR SHARIF?

THERE'S A MISS SMITH TO SEE YOU ABOUT THAT JOB AS SECRETARY.

HOW OLD IS SHE?

CAN'T TELL. I'D BETTER ASK HER.

SHE WANTS TO KNOW WHAT AGE YOU'D LIKE...

SHE'S BETWEEN 25 AND 50!

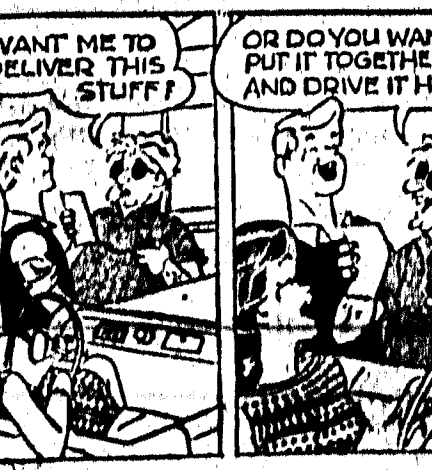

HI! I NEED SOME USED PARTS!

CRANKSHAFT! ENGINE BLOCK! PISTON RINGS! RADIATOR—CAP—

OKAY! WANT ME TO DELIVER THIS STUFF?

OR DO YOU WANT TO PUT IT TOGETHER AND DRIVE IT HOME?

**So nice to come home to...**

**ROYAL COMMAND!**

This regally smooth and mellow blend of 18 and 8 year old whiskies goes well with any mix. Or try it for flavour "on the rocks" in a seven-ounce footed "on the rocks" glass. Looks beautiful... tastes even better!
